### **1.1 Recognition.**

The Association is certified as the sole collective bargaining agent for all employees in the bargaining unit as defined by the Employment Relations Board or by mutual agreement between the parties as provided by statute.

### **1.2 Applicability.**

If new classifications are established by the Employer and added to the bargaining unit or if the duties of existing classifications are substantially changed, a proposed wage scale shall be assigned thereto, and the Employer shall forward the new or changed class and proposed wage to the Association for review sixty days prior to implementation. The contract will then be subject to reopening for the sole purpose of negotiating a wage for the class, and only if so requested by the Association. If the parties cannot agree to the pay range after negotiations the matter shall be submitted through the grievance procedure beginning at Step 5. The Arbitrator shall establish a fair and equitable pay scale for the new or changed classification.

### **1.4 Reclassification.**

No downward reclassification of any bargaining unit employee may take effect unless the Employer provides the employee and the Association with sixty (60) days notice of the intended reclassification.

See LOAs: [Agency Background Checks](#), [Installation Work on Vehicles](#)

## **ARTICLE 3 - COMPLETE AGREEMENT/PAST PRACTICES**

### **3.1 Complete Agreement.**

Pursuant to their statutory obligations to bargain in good faith, the Employer and the Association have met in full and free discussion concerning matters in "employment relations" as defined by ORS 243.650(7). This Agreement incorporates the sole and complete agreement between the Employer and the Association resulting from these negotiations. The Association agrees that the Employer has no further obligation during the term of this Agreement to bargain wages, hours or working conditions except as specified below.

### **3.2 Past Practices.**

The parties recognize the Employer's full right to direct the work force and to issue rules, regulations and procedures and that these rights are diminished only by the law and this Agreement, including interpretative decisions which may evolve pursuant to the proper exercise of authority given by the law or this Agreement.

**3.2.1** The Employer is not limited, confined, or restricted by past practice, rule, custom, or regulation in making changes in policies, procedures, rules, and regulations to carry out the mission of the Department.

**3.2.2** However, this article shall not be interpreted to restrict the Association's right to bargain the impact of mandatory subjects of bargaining or the impact of permissive subjects of bargaining where the Employer is compelled to negotiate over the matter by state law or by law, bargain the decision. REV: 2019

## **ARTICLE 5 - STRIKES**

### **5.1 Strikes.**

The Association agrees that it will not initiate, cause, permit, or participate or join in any strike, work stoppage, or work slow-down, or other interruption of Employer services. The members of the Association agree to observe the same restrictions. Employees in the bargaining unit, while acting in the course of their employment, will not honor any picket line established by the Association or by any other labor organization when called upon to cross such picket lines. The Association and its members recognize that participation in such action is contrary to Oregon law. If the Association becomes aware of any such action by any of its members which violates this article, it shall use reasonable, good-faith efforts to encourage and convince the member(s) to discontinue such action.

### **5.2 Lockouts.**

The Employer will not lock out employees as a consequence of any dispute arising during the period of this Agreement.

## **ARTICLE 6 - ASSOCIATION BUSINESS**

### **6.1 President and Vice President of the Association.**

The Employer and the Association recognize the mutual benefit of good labor relations. Furthermore, it is recognized that the President and Vice President of the Association have a unique responsibility of representing the Association membership and working with the Employer to resolve legitimate problems. It is especially prudent to resolve grievances with the Employer at the lowest possible step of the grievance procedure.

**6.1.1** The Employer agrees to assign the Association President, and Vice president who remain full employees of the Department of State Police, to the Association Office, and to not assign the Association President/Vice President any regular duties nor will the Association President/Vice President engage in regular duties without Department approval. The Association retains the right to determine the part-time or full-time status of the Vice President. For purposes of training, the President/Vice President shall be required to attend the Department-approved training necessary to maintain their status as a member of the job classification they held prior to taking office. The Employer shall notify the President/Vice President of the training which is required, and the available times for such training during the year. The President/Vice President shall be allowed flexibility to determine which date of a particular training class to attend.

**6.1.2** While serving as President/Vice President of the Association, s/he will remain eligible for all benefits including appropriate pension credit, service and non-service connected disability benefits for any disablement that occurs while so retained. At the conclusion of the term of office, the President/Vice President shall be provided with the opportunity to return to the division and worksite at the time they assumed the office; or allowed to voluntarily transfer to another worksite in that division where there is an existing vacancy available for which they qualify. Such transfer shall be at no cost to the Employer. The Association will reimburse the state for Employer costs, direct or indirect, and will indemnify the Employer for any and all cost of any claims incurred. The Association may utilize the Association Leave Bank to reimburse the state for Vice President hours worked on behalf of the Association that exceed fifty percent (50%) of the authorized position hours. The reimbursement to the state for Employer costs shall be in accordance with the agreed upon procedure. The Association shall not be required to reimburse wages paid, (including overtime wages), for services rendered by the President/Vice President of the Association which benefit only the Employer, such as grant overtime, routine patrol, and serving as an instructor at Department training or other similar services.

**6.1.3** In the event that the President/Vice President of the Association is unable to perform their duties for a period of thirty (30) or more consecutive days as a result of injury/illness or military leave the Association may designate the Vice President to act in lieu of the President and vice versa. In the event that both the President and the Vice President are unable to perform their duties, the Association may designate another member of the State Executive Committee by mutual agreement to serve as provided herein. The Employer must agree to one (1) replacement. Unless prevented by unforeseen circumstances, the Association shall give the Employer at least thirty (30) calendar days advance notice before seeking to implement this Section.

## **6.2 Executive Committee.**

Members of the bargaining unit selected to serve as the Executive Committee of the Association shall be certified in writing to the Superintendent of the State Police. Paid release time shall be granted to the Executive Committee members to engage in PECBA activities and subject to the following limitations:

**6.2.1** This provision is limited to certified members of the State Executive Committee, but no more than nine (9) board members and will not exceed forty (40) hours per month

with a maximum yearly allowance of ninety-six (96) hours per board member. All Association activity will be reported using the appropriate code for Union Business paid time on an appropriate time reporting form provided by the Employer.

**6.2.2** It is agreed that the rights granted by this provision are subject to the reasonable operating needs of the Department and require prior supervisory approval. Such approval will not be unreasonably denied.

### **6.3 Worksite Representative.**

**6.3.1** The Association will provide a list of certified worksite representatives to the Employer upon the signing of this Agreement with one (1) primary representative and such alternates as may be appointed by the Association for each Department identified work site. The Employer must be notified of any change in certified representatives within fifteen (15) calendar days of the effective change; provided, however, that nothing herein shall be construed to limit or otherwise affect the Association's ability to freely select and/or change primary and alternative representatives so long as appropriate notice is provided to the Employer.

**6.3.2** Each worksite representative will be expected to perform their duties as a representative of the Association on their own time. However, it is recognized that from time to time it will be necessary for a supervisor to meet with the worksite representative during the worksite representative's working hours to discuss a written grievance or potential grievance. Discussions or meetings regarding written or potential grievances which occur during the station representative's working hours may be on on-duty time and requires prior supervisory approval for more than de minimus conversations. Investigation of filed grievances shall not be on on-duty time. One (1) worksite representative or regional representative may attend disciplinary interviews during their scheduled work hours and shall be allowed to attend such interviews on on-duty status when the meeting is scheduled at the request of the Employer. No liability or payment is incurred if the interview continues beyond the end of the representatives' scheduled work hours. Only certified representatives shall be eligible to represent employees in the grievance process. One (1) representative in training may attend disciplinary interviews and utilize association business leave.

When processing grievances, excepting investigations conducted with Department employees, the representative will conduct interviews out of uniform and shall state to persons contacted during the investigation that they are representing the Association and not the State Police.

### **6.4 Bargaining Time.**

Not more than seven (7) members of the Association's negotiating team shall be allowed to attend and travel to and from collective bargaining negotiations for a successor to this Agreement on on-duty status. During such travel and negotiations, the bargaining team member shall not receive per diem costs or the use of a Department vehicle. If a negotiations session is scheduled on the regular workday of a member, the member shall be entitled to their regular compensation for that day, but shall not be entitled to any overtime payments regardless of the duration of the negotiations session or travel. If a negotiations session or travel is scheduled on the regular day off

of a member, the member shall be entitled to straight time compensatory leave not to exceed eight (8) hours. No penalty payments accrue for any changes of schedules due to collective bargaining. Subject to the terms in this Section, the Employer and the Association may mutually agree to allow additional members to participate, when such participation is beneficial to the bargaining process.

## **6.5 Association Business Leave.**

Members of the bargaining unit shall donate at least one (1) hour of accrued but unused vacation time, compensatory time and/or personal leave time to an Association leave bank subject to the conditions set forth in this article.

**6.5.1** No more than one thousand (1000) hours may be accrued in the bank. The limitation of one thousand (1000) hours may be exceeded on a case by case basis with mutual agreement.

**6.5.2** The Association Business Leave Bank may be utilized by authorized Association representatives to include all certified officers, bargaining team members, worksite representatives, and other official Association representatives, as paid leave for the purposes of grievance processing and investigation, for conducting training of Association worksite and District (Regional) Representatives, preparation for and travel to management-labor meetings, preparation for collective bargaining, **attendance at collective bargaining or labor relations trainings**, and other official Association activities within the scope of the PECBA. The leave specified herein shall supplement the leave provided in this Article.

**6.5.3** Such time must be approved in advance by the Association, and shall be in addition to the leave called for by the other provisions of this Article.

**6.5.4** The granting of time off used under this section shall be subject to the reasonable operating needs of the Employer.

See LOA: [Association Business](#), OSPOA President and Vice President Rates of Pay

REV: 2015, 2017, 2019, 2025

## **ARTICLE 7 - ASSOCIATION ACCESS**

### **7.1 Bulletin Boards.**

The Employer agrees to allow separate wall space in each work site, not to exceed 3' x 4', for a bulletin board to be used by the Association for the posting of notices and bulletins relating to the Association. The Association has the right to place a portable bulletin board at any training facility. The Association shall limit its postings of notices and bulletins to such bulletin boards. All postings will be signed and dated by an appropriate Association officer.

### **7.2 Department Facilities.**

The Department of State Police, subject to reasonable operational needs and priorities, shall make every reasonable good faith effort to permit the Association to use Department facilities for Association meetings, with adequate advance notice.

### **7.3 Access to New Employees.**

During the academy training, Association representatives will be permitted access to new employees up to a two (2)-hour non-compensable period during a scheduled orientation. Such visit shall be scheduled for a classroom at the Academy or other training site, and shall be held during other than the lunch hour. Association members may remain at the Academy or other training site to further discuss the Association after the new employees regularly scheduled day ends. The Employer will make a good faith effort to encourage new employees to attend.

The Association representatives will be permitted access to other new employees during their scheduled work day for purposes of orienting new bargaining unit employees about the Association.

## **ARTICLE 8 - ASSOCIATION SECURITY**

### **8.1 Dues.**

The Employer shall deduct Association dues from the salary check each month of employees who are members of the Association.

The amounts deducted shall be transmitted within ten (10) days to the Association along with an itemized statement of amount deducted for each member of the Association. The Employer will not be held liable for good faith check-off errors but will make proper adjustments with the Association for errors within a thirty (30)-day period.

### **8.2 New Employees.**

The Employer will notify the Association, in writing, of new employees hired within the bargaining unit, within thirty (30) days after their hire date, and will furnish the Association their name, mailing address, and class title.

### **8.3 Change in Dues.**

If the Association desires to change its dues during the term of this Agreement, the Employer will notify the Association of the reasonable costs of reprogramming its computers to accommodate the change in dues. If the Association elects to change its dues after receiving such notice, the costs of reprogramming shall be borne solely by the Association.

### **8.4 Indemnification.**

Provided the Employer acts in good faith, the Association will indemnify, defend, and hold the Employer harmless against any claims made and against any suit instituted against the Employer as a result of the Employer's enforcement of the above provisions.

**REV: 2017,2019**

## **ARTICLE 9 - EMPLOYEE RIGHTS**

### **9.1 Personnel Orders.**

The Employer will provide the Association President with copies of all personnel orders as soon as the personnel orders are issued. As used in this section, "personnel orders" shall be defined as all written notices of actual disciplinary actions, notices of intent to take disciplinary actions, transfer notices, promotion notices and termination notices.

### **9.2 General Procedures.**

Any employee who will be interviewed concerning an act, which, if proven, could reasonably result in disciplinary action against them will be afforded the following safeguards:

**9.2.1** The employee will be informed prior to the interview if the Employer believes the employee is a subject of the investigation.

**9.2.2** The employee will be informed as to the categorization of the complaint. The Employer will categorize complaints as either squad level or formal.

### **9.3 Squad Level Complaints.**

It is the intent of the Parties that squad level complaints be completed in an efficient manner with the goal of providing timely feedback to the employee. The process set forth in this Section does not preclude a supervisor or sworn leadworker from exercising day to day supervision and counseling, provided the counseling is documented in the working file.

Squad level complaints indicate minor conduct infractions including, but not limited to; rudeness, offensive language, or minor procedural errors. Squad level complaints will be handled by the employee's chain of command and will not exceed a verbal reprimand. Squad level complaints, including external complaints will be assessed according to the following procedure:

**9.3.1** The Supervisor or lead worker (sworn only) shall contact the Office of Professional Standards (OPS) to determine instances of like or similar conduct for the employee. Instances of repeated behavior may preclude a squad level determination and may be treated as formal.

**9.3.2** Notice to the employee prior to the interview. This notice will include the proposed level of corrective action if the allegation(s) are proven true.

**9.3.3** The employee may choose to stipulate to the alleged conduct, opt to waive the personnel investigation process and accept the proposed level of corrective action. As part of the stipulation process the employee shall have access to all known evidence, if requested, related to the allegation (videos, reports, etc.)

**9.3.4** If the employee does not stipulate to the alleged conduct, an investigation will be conducted by a Department supervisor or lead worker. If the supervisor or lead worker

(sworn only) requires an interview of the employee, the employee shall be afforded a reasonable amount of time to have an Association representative present if they choose.

**9.3.5** Upon completion of the investigation, the supervisor will provide a brief summary their conclusions regarding each allegation and provide a disposition for each allegation (sustained/not sustained etc). The disposition will be based on facts and evidence obtained during the investigation.

**9.3.6** Sworn lead workers may administer informal corrective action, verbal counseling, letters of instruction and verbal reprimands. Written reprimands and higher shall be administered by Department Supervisors. A supervisor shall administer all levels of corrective actions for non-sworn employees.

**9.3.7** Any corrective action completed using the process in Section 9.3 of this Article shall be considered to meet the elements of just cause as it relates to the requirement to conduct a full and fair investigation.

When a squad level complaint has been initiated and new information is learned that places the appropriate disposition at a significantly higher level (economic sanction or termination), the Department reserves the right to stop the squad level process. At such time, the Department becomes aware of this new information, the employee shall be informed in writing, that the complaint has been re-categorized as a formal complaint.

## **9.4 Formal Complaints.**

Formal complaints indicate the alleged conduct could result in corrective action at a written reprimand or higher. Examples of behavior receiving formal treatment include, but are not limited to; intentional misconduct, violations of policy, violations of law (criminally resolved), improper use of force, bias, repeated conduct where the employee has previously been coached or disciplined, or other significant misconduct.

Formal complaint investigations will be conducted using the following procedure:

**9.4.1** Supervisor (Area Commander) shall contact the Office of Professional Standards (OPS) to determine a range of corrective actions that may be considered if the conduct is proven to be true.

**9.4.2** Prior to any interview where the Employer may impose formal corrective action upon the employee as a result of the underlying incident, the employee will be informed in writing, if known, of the approximate date of occurrence, the approximate location of the occurrence, the nature of the investigation and allegations, provided with a copy of the investigative report to date including witness statements and documents, if available, and informed of and afforded the opportunity to consult with an Association representative.

**9.4.3** The interview and investigation will be conducted without unreasonable delay. The interview will be conducted at a mutually agreeable time and place. If after the complainant is interviewed regarding an action or inaction of the employee, and further investigation is deemed necessary, the employee shall be notified in writing of the complaint as soon as is

practicable. This requirement will not apply where the employee is under investigation for violations of the Controlled Substances Act, or violations which are punishable as felonies or misdemeanors under Oregon Law. Also the employee will not be notified if doing so would jeopardize the criminal investigation.

**9.4.4** When the Employer serves notice to the employee of personnel review and underlying conduct, the employee may opt to waive the personnel investigation and stipulate to the alleged conduct. The stipulation will be the sole discretion of the Employer. The employee may make reasonable inquiry to the level of corrective action they shall receive, if they offer a stipulation, prior to waiving the personnel investigation. The Waiver of Investigation option will be reflected on the OSPOA Personnel Notice Form.

**9.4.5** With the exception of telephone interviews, interviews shall take place at Department facilities, or elsewhere if mutually agreed, unless an emergency exists which requires the interview to be conducted elsewhere.

**9.4.6** The Employer shall make a reasonable good faith effort to conduct these interviews during the employee's regularly scheduled shift, except for emergencies or where interviews can be conducted by telephone. However, where the Superintendent or Deputy Superintendent is a party to any interview, the Employer may schedule the interview outside of the employee's regular working hours as long as the appropriate overtime or irregular hours payments are made. Where an employee is working on a graveyard shift, the interview can be scheduled contiguously to the employee's shift so long as appropriate overtime or irregular hours payments are made.

**9.4.7** The employee will be required to answer any questions involving non-criminal matters under investigation and will be afforded all rights and privileges to which they are entitled under the laws of the State of Oregon or the United States.

**9.4.8** Interviews shall be done under circumstances devoid of intimidation, abuse, or coercion. The employee shall be entitled to reasonable intermissions upon request for personal necessities.

**9.4.9** All interviews shall be limited in scope to activities, circumstances, events, conduct or acts which pertain to the incident which is the subject of the investigation. Nothing in this section shall prohibit the Employer from questioning the employee about information which is developed during the course of the interview.

**9.4.10** If the Department, Association or employee tape records the interview, a copy of the complete interview of the employee, noting all recess periods, shall be furnished, upon request, to all parties. If the interviewed employee is subsequently charged and any part of the recording is transcribed by the Employer, the employee shall be given a complimentary copy thereof.

**9.4.11** The employee and the Association shall be advised of the results of the investigation and any future action to be taken on the incident.

## **9.5 When the Investigation Results in Departmental Charges Being Filed.**

After the investigation is complete, the employee and Association will be furnished with a copy of the completed investigative report which will contain all known material facts of the matter to include any tape recording at no cost. The employee and Association will also be furnished with the names of all witnesses and complainants who will appear against him or her and/or whose statements will be used against him or her. This obligation shall continue after charges have been filed against the employee.

## **9.6 Criminal Investigations.**

This article shall not apply to criminal investigations conducted by the Department. In such criminal investigations, the following procedures shall be followed prior to the commencement of the interview: (1) The investigator shall notify the employee of the criminal nature of the investigation; (2) The investigator shall notify the employee that a refusal to answer questions asked by the investigator will not be a basis for disciplinary action against the employee. The employee has the right to not participate in the interview, and the right to terminate the interview, without resulting discipline.

## **9.7 Lie Detector Tests.**

The Employer will comply with state law with respect to the giving of polygraph or voice stress indicator.

## **9.8 Use of Force Situations and Motor Vehicle Pursuit Situations.**

Employees involved in the use of force or motor vehicle pursuit shall be advised of their rights to and allowed to consult with an Association representative or attorney prior to being required to give an oral or written statement about the use of force, for the purpose of administrative review of the event. Day to day supervision critique may be offered by the Employer in the administrative review. If the Employer wishes to interview an employee of underlying conduct that may result in formal corrective action, appropriate notice will be provided, consistent with 9.4 Such right to consult with a representative or with counsel shall not unduly delay the giving of the statement. The Employer will not compel a Trooper under criminal investigation to submit written reports of the Use of Force or Motor Vehicle Pursuit event, including, but not limited to, the utilization of Deadly Physical Force.

Any employee involved in a use of force incident shall be allowed to view any applicable video prior to being required to provide a written or oral statement during an internal investigation. For purposes of this recommendation, "video" shall include the officer's body-camera video and dash camera video that approximate the officer's perspective.

## **9.9 Forensic Division Quality Assurance Situations**

The quality assurance process is not disciplinary in nature. Procedures for conducting root cause analysis remains separate and independent from the disciplinary process. However, if at any time the Employer reasonably believes the underlying incident, or any matter arising during the course

of the interview could lead to formal discipline, the provisions of notice and rights under the Article will apply.

Initial interviews are not considered discipline but are part of the process to ensure quality and meet accreditation standards. The Department shall follow the Quality Assurance Manual once a root cause analysis has been triggered.

When an employee is removed from casework for quality assurance purposes, they will be notified and provided a follow-up interview. The employee is entitled to Association representation at follow-up interview(s). The interview may include but not be limited to; matters relating to root cause analysis, any follow-up action that must be taken prior to returning the employee to casework, and the timeframes that the actions must be completed.

#### **9.10 Locker Access.**

Upon request, the Department will provide a padlock to employees for their locker. The combination and/or key to the lock will also be maintained by the appropriate station, Region, or Division Commander.

If the Department needs to gain access to a locker, or other Department equipment in which the Association member may have private items stored, the member may choose to return in a timely manner to the Department to open that item. The Department will not incur financial liability from the member's choosing to return to provide access. Upon opening, the Department will obtain only the item needed and will not search through the locker, or closed containers within it.

A certified copy of the employee's complete file shall be given to the employee upon their request, unless the employee agrees to less than the complete file. The employee shall not have access to background investigations or references from previous Employers. With the exception of references from previous Employers and background investigation reports, the employee may request and shall be provided with a copy of any information in their personnel file.

However, the Employer reserves the right to charge a reasonable copying fee for additional copies of materials in the personnel file which shall be set by the Department. The Chief Human Resources Office (CHRO) human resource information system is the system of record for all employee records and official employee personnel file documents for which there are appropriate document categories in the system.

The Department stores paper documents of the official employee personnel file and paper documents that are not yet able to be kept in the human resource information system. **10.2.4 Squad Level Corrective Action.** Squad level corrective action (letters of instruction, verbal counseling, and verbal reprimands) will not be considered for purposes of progressive discipline after two (2) years from the date given to the employee. Squad level corrective action will not preclude an employee from competing in the transfer, **competitive assignment**, and/or promotions processes.

**10.2.5** Records will be purged from an employee's personnel file in accordance with the above retention schedule. The above retention schedules do not prohibit the Employer from purging records pursuant to State Archivist Rules. Records of disciplinary action which have been purged from an employee's personnel file in accordance with this section may not be introduced into evidence by either party at grievance arbitration hearings for the purpose of showing the past discipline, unless the purged record is referred to in a document that has not been purged from the employee's personnel file and at the time the reference was made, the purged document was also in the personnel file.

**10.2.6** Materials concerning discipline shall not be placed in an employee's personnel file until the employee has exhausted all appeals available through the grievance procedure. If discipline is reversed or otherwise rendered invalid, all records pertaining to the discipline shall be sealed until they are purged. Nothing shall prevent the Department from taking the underlying facts and sanctions of a pending appeal into consideration when considering future disciplinary actions or performance appraisals.

Disciplinary action, including written reprimand, economic sanction, suspension, demotion and discharge, shall be considered formal discipline and only for just cause. **The just cause standard for law enforcement officers is subject to ORS 243.808.** The employee may choose an unpaid suspension in lieu of an economic sanction. Such suspension will be leave without pay and will not count as hours worked for purposes of overtime calculation. Discipline may only be issued by the Superintendent or by an employee of the Department.

### **11.2 Exclusive Remedies.**

The parties agree that the procedures described in this Agreement are the full disciplinary and discharge remedies and procedures for which employees are entitled.

### **11.3 Appeals.**

Within fifteen (15) business days of the Association's receipt of notice of disciplinary action (except for discharge), the Association may appeal the discipline by filing a **grievance containing** notice of appeal of discipline with the OSP Human Resources Services Section. Discharge from employment may be appealed directly to arbitration (within fifteen (15) business days of the effective date of the discharge) as provided herein.

**The selection of arbitrators for discipline or discharge cases involving law enforcement officers is subject to ORS 243.808.**

**The arbitrator's decision shall be final and binding on the Parties. The arbitrator shall have no power to alter, modify, amend, add to or detract from the terms of the Agreement. The expenses for arbitration are subject to Article 12.3.**

### **11.4 Pre-Discharge Notice.**

A written pre-discharge notice shall be given to a regular-status employee who is being considered for discharge. Such notice shall include the known complaints, facts and charges and a statement that the employee may be discharged. The employee shall be afforded an opportunity to refute such charges or present mitigating circumstances to the Employer at a time and date set forth in

the notice, which date shall not be less than five (5) business days from the date the notice is received or, at the option of the employee, by written response by that date. The employee shall be permitted to have an Association representative present.

## **11.5 Remedies.**

A newly promoted Sergeant will serve a probationary period of twelve (12) months; this probationary period may be extended by mutual agreement. A Sergeant who fails to successfully complete the probationary period will return to a position in the classification previously held at the same rate of pay.

**11.6.1.1** Sworn employees' probation may, by mutual agreement, be extended if the employee is on paid administrative leave as the result of an investigation into allegations of misconduct. The extension shall be equal to the period of time the employee is on paid administrative leave, but no longer than ninety (90) calendar days if on paid administrative leave during the first twelve (12) months, or sixty (60) calendar days if on paid administrative leave after the first twelve (12) months. Agreement shall not be unreasonably withheld.

**11.6.4.1** Where otherwise specifically noted; and

**11.6.4.2** The right to grieve discipline and discharge.

**11.6.5** Reclassified employees while on probation will have the same rights as set forth in 11.6.4 except these employees shall have the right to grieve discipline and discharge providing the employee has successfully completed the employee's previous classification trial service period. The Employer may, however, return the reclassified probationary employee to his/her former classification at any time during the probationary period, and such action by the Employer shall not be grievable.

**11.6.6** If at any time during the probationary periods set forth in this article the employee takes a continuous leave of twenty-one (21) calendar days or longer in duration, the probationary period may, at the Employer's discretion be extended by a like amount.

**11.6.7** The Department agrees to notify the Association twenty-four (24) hours in advance of its intent to terminate or discipline a newly hired probationary employee.

## **11.7 Time Requirements for Squad Level Complaints.**

Employees who receive corrective action under Article 9.3 of the Agreement shall receive such corrective action within sixty (60) calendar days from the date the management of Department becomes aware of the complaint. The Department may automatically extend the timeframes by thirty (30) **calendar** days upon notice to the Association.

## **11.8 Time Requirements for Formal Level Complaints.**

The findings of fact in personnel investigations shall normally be rendered within ninety (90) calendar days of the time the Department first (1<sup>st</sup>) interviews the employee.

**11.8.2** The Department shall communicate the level of corrective action within thirty (30) calendar days of receipt of the employee response to the finding of fact, unless the response requires additional investigation. If the employee response requires additional investigation by the Department, the subsequent investigation shall be completed within thirty (30) calendar days. The thirty (30) calendar day requirement will initiate after the subsequent investigation is complete and original findings of fact are either confirmed or amended.

**11.8.3** Except in criminal investigations and investigations that involve an employee who is incapacitated or unavailable, discipline shall be rendered no later than six (6) months

from the date the Department first (1<sup>st</sup>) interviews the employee who is the subject of the investigation.

**11.8.4** Time frames referenced in this Article 11.8 may be extended through mutual agreement. ## ARTICLE 12 - SETTLEMENT OF DISPUTES

### 12.1 Grievance Procedure.

The parties agree that for the purpose of this Agreement, a grievance shall be defined as a dispute regarding the meaning, interpretation or application of this Agreement and that such dispute shall be settled as provided in this Article. Discipline and discharge shall be handled as described in Article 11. In the event that the matter being grieved involves the act or failure to act of the supervisor of the employee, the Association may elect to skip Step 1 of the grievance procedure and file the grievance at Step 2.

**Step 1.** The affected employee and/or the Association shall submit the grievance in writing to a supervisor of the employee, with a copy to **OSP Human Resources Services Section and the Office of Professional Standards** within twenty (20) business days after the grievant becomes aware of its occurrence as follows:

Grievances challenging non-disciplinary compensation matters: The date on which the employee is paid or not paid.

Other grievances alleging contract violations (non-disciplinary): The date the employee knows or should have known of the violation.

The grievant shall state the facts of the grievance, as known at the time, the Agreement article(s) alleged to be violated and the remedy sought.

Within twenty (20) business days of the filing of the grievance a meeting shall be held either in person or telephonically between the grievant and the designees of the Association, **OSP Human Resources Services Section, and the Office of Professional Standards** (or their designees). The grievant must participate in this meeting. If the grievant is unavailable due to circumstances beyond the grievant's control, then the twenty (20)-day provision shall not apply and the meeting shall be scheduled as mutually agreed. The Supervisor or his/her designee shall respond to the grievance in writing to the grievant and the Association President within ten (10) business days of the meeting.

If the meeting is not held within twenty (20) business days and the parties have not agreed to an extension, the grievance will advance to Step 2.

The response to a written grievance at this level shall not set a precedent for any future written grievance, and shall not be introduced as evidence of past practice or for any other purpose in an arbitration proceeding. This provision shall apply only to grievances over matters which may differ from station to station or region to region but specifically shall not apply to disciplinary grievances. Nothing in this Section shall be interpreted to allow Management or the Association to violate this Agreement.

**Step 2.** If the grievant/Association is not satisfied by the Step 1 response, they may, within fifteen (15) business days after the Step 1 response is due or received, whichever is sooner, submit the grievance to the **Office of Professional Standards and OSP Human Resources Services Section**. Within twenty (20) business days, a meeting shall be held either in person or telephonically between the designees of the Association, Bureau Commander or Agency Designee, and Department of Administrative Services. The Director shall respond in writing within ten (10) business days of the meeting to the grievant and the Association. If the parties do not meet within twenty (20) business days and have not agreed to extend the timeframes, the grievance shall be advanced to Step 3.

At Step 1 and 2, the parties may mutually agree to extend the twenty (20) business day timelines provided for in this Article.

**Step 3.** If the grievance is still unsettled, the Association may, within fifteen (15) business days after the Step 2 response is due or received, whichever is sooner, notify the Employer of its intent to arbitrate addressed to the Labor Relations Unit of the Department of Administrative Services. The State Employment Relations Board shall be requested to submit a list of seven (7) arbitrators. The parties shall alternately strike three (3) names from the list, with the first strike being determined by lot, and the remaining person shall be the arbitrator. The designated arbitrator shall hear both parties as soon as possible on the disputed matter and shall render a decision within twenty (20) business days of the hearing.

The arbitrator's decision shall be final and binding on the parties. The arbitrator shall have no power to alter, modify, amend, add to or detract from the terms of the Agreement.

## **12.2 Mediation.**

Subsequent to a timely request for arbitration and prior to the selection of an arbitrator, either the Chief Human Resource Office, Labor Relations Unit, or the Association may request mediation of the grievance. If both parties agree to mediation, it will be scheduled and conducted by the Conciliation Service Division of the Employment Relations Board. Mediation is not a mandatory step of the grievance procedure. A party's unwillingness to participate in mediation, or the particular matters discussed in mediation other than the facts of the case, shall not be admissible in any subsequent arbitration hearing.

## **12.3 Expenses of Arbitration.**

Expenses for the arbitration shall be borne by the non-prevailing party; however, each party shall be responsible for compensating its own representatives and witnesses. If either party desires a verbatim recording of the proceedings, it may cause such a record to be made, provided it pays for

the record. If the other party desires a copy, both parties shall jointly share the cost of the transcript, all copies, and all other recording and/or transcription costs.

#### **12.4 Time Requirements.**

If the Employer fails to hold a Step 1 or Step 2 meeting or fails to issue a written response within the time limits, the Association may advance the grievance. Time limits referred to in this Article may be waived by mutual agreement in writing.

#### **12.5 Group Grievances.**

The Association may file a group grievance at Step 2 of the grievance procedure, within twenty (20) business days after the grievant becomes aware of its occurrence. The parties may mutually agree to remand the grievance to Step 1. Such grievance shall identify the class of employees covered by the grievance, the Agreement article alleged to be violated, the facts of the grievance available, and the remedy sought. The Department's obligation to respond to the grievance shall not begin to run until the Association submits to the Department a list of all the names of employees covered by the grievance and the facts of each employee grieving. If the Association does not submit this information within twenty (20) business days of the filing of the grievance, the grievance is deemed to be withdrawn. The Department's potential liability extends only to the named grievant. Failure to identify the facts of an employee's grievance constitutes withdrawal from the group grievance of that employee.

#### **12.6 Attendance at Meetings.**

Grievants shall be allowed to attend arbitration hearings and to travel to and from such hearings on on-duty time. Where the parties agree to meet in other than a grievance arbitration setting in an attempt to resolve a grievance, and where the parties mutually agree that the attendance of the grievant is necessary, the grievant shall be allowed to attend meetings under the grievance procedure and to travel to and from the meeting on on-duty time. If the attendance at the meeting or hearing requires an overnight stay by the grievant, the responsibility for per diem costs shall be borne by the grievant, not the Employer. Grievant shall not be entitled to receive irregular hours or overtime for such time.

*REV: 2015, 2017,2019,2025*

### **ARTICLE 13 - TRANSFER**

The reimbursement, rates, allowances and other financial compensations for transfer shall be at the levels in effect in the Policies, Rules, Procedures Manual, unless otherwise modified by this Agreement.

When the Department has to transfer bargaining unit employees, it will attempt to seek volunteers first.

The Department has the right to approve or deny any transfer request. An employee approved for transfer, either to a different location or a different Division, shall be transferred no later than one (1) year after the approval unless adverse staffing issues prevent the Department from

accomplishing the transfer. In that event the employee shall be transferred no later than two (2) years after the approval.

REV: 2023

## **ARTICLE 14 - HOURS OF WORK**

### **14.1 Scheduling.**

This article does not prevent the Employer from rescheduling employees contrary to its provisions as long as overtime compensation is paid subject to applicable rules and laws.

Team Directed Scheduling (TDS) is set forth in Appendix A. The selection for TDS, the method of scheduling, and the parameters for the operation of TDS is set forth in Appendix A attached to this Agreement. Groups participating in TDS shall be subject to the terms of this Agreement unless excluded in Appendix A.

The employees on TDS will continue their current scheduling practices.

**Appendix B supersedes relevant portions of Article 14 for Forensic Services Division scheduling.**

Except for specific provisions of this Agreement to the contrary, a scheduling supervisor may develop a schedule based upon the operational needs of the individual worksite. In consideration of such schedule, neither the 5x8 or 4x10 shift will be declared a “default” schedule. Notwithstanding this however, for worksites where there is the need to change a current schedule because the shift may/has adversely affect(ed) a Department operational need, the scheduling supervisor may, in developing a different schedule, use a 5x8 schedule, a 4x10 schedule, or any combination thereof.

### **14.2 Work Shift/Regular Hours.**

Except for specific provisions of this Agreement to the contrary, each employee shall be scheduled to work on a regular shift, shall have regular starting and quitting times, and shall have regular hours of work each day that are consecutive. Any employee may, with the Employer’s approval, split his/her shift into segments. No employee may be discriminated against for failure to volunteer for a split shift. When an employee works a split shift, the number of hours worked in a twenty-four (24)-hour period must total a minimum of the number of hours in the employee’s regular work shift. The working of split shifts under any other circumstances than those set forth above shall subject the Employer to overtime liability.

### **14.3 Work Week.**

Except for specific provisions of this Agreement to the contrary, the workweek shall be from 12:01 a.m. Sunday to 11:59 p.m. Saturday. Days off shall be consecutive, followed by consecutive workdays not to exceed five (5) except for shift changeovers, rotating days off, and voluntary day off changes. Employees shall not have their days off involuntarily changed except for shift changes, rotating days off, or voluntary day off changes. Employees may have their days off involuntarily changed for training no more than once in a calendar year over a two week work period with 28 days notice.

Daily overtime will be paid for hours worked in excess of the scheduled shift in accordance with Article 17. Weekly overtime will be paid upon completion of forty (40) hours of work. Except as provided in 17.1.4, all paid leave counts as hours worked for purposes of the overtime threshold. Overtime callback hours on a day off are not cumulative on the forty (40) hours for the week.

For non-sworn employees, shift changeovers, rotating days off, and voluntary day off changes have the potential to create long and short workweeks. When this occurs, overtime will be paid for the long weeks where more than forty (40) hours have been worked. During the short weeks (less than forty (40) hours), forty (40) hours of work will be scheduled. At the employee's option, the employee will be allowed to use the appropriate paid leave for the additional hours that were scheduled to equal forty (40) hours.

If the parties mutually agree, the definition of workweek may be redefined for the purposes of implementing alternative schedules.

#### **14.4 Work Day.**

Except for specific provisions of this Agreement to the contrary, the work day shall be a minimum of eight (8) hours including meal periods, rest periods, briefing and training periods.

#### **14.5 Work Schedule(s).**

This section applies to schedules under Articles 14 and 15.

**14.5.1** A tentative twenty-eight (28)-day work schedule shall be posted seven (7) calendar days in advance of the twenty-eight (28)-day work period except for employees on itineraries and the posting requirements under Article 15.

**14.5.2** The start/stop times set forth in the schedule may be adjusted without penalties subject to the notice requirements set forth below for the following reasons:

- (a) Emergencies.
- (b) Operating needs.
- (c) Training.
- (d) Cover/replace employees who have scheduled compensatory leave.
- (e) Holiday coverage (Article 14.5.8 and 14.5.9)
- (f) Voluntary adjustments

**14.5.3** There will be a minimum of ten (10) hours off between scheduled shifts and/or adjusted shifts. Where the employee is to report for their next scheduled shift when there has been a period of less than ten (10) consecutive hours off due to court, callback, or other unscheduled work assignment, the employee may, with mutual agreement, adjust his/her shift in order to have ten (10) consecutive hours off.

**14.5.3.1** The notice requirements to avoid penalty are:

- (a) Emergencies – none.
- (b) Operating needs – seven (7) days.
- (c) Training – twenty-eight (28) days.

- (d) Replacing employees who have scheduled compensatory leave - seven (7) days.
- (e) Holiday coverage – twenty-eight (28) days to post, seven (7) days to adjust.

**14.5.3.2** The notice required herein is to be in person or written notice on a normal workday. Otherwise, notice requires personal or telephone contact.

#### **14.5.4 Definitions.**

**Emergency:** An unforeseen combination of circumstances calling for immediate action which requires additional personnel resources. Schedule changes due to events with advance notice would not be considered emergencies.

**Operating Needs:** For purposes of this section, the following non-emergencies are not operating needs: monthly shift changes, court appearances, training, implied consent hearings, emphasis patrols, adjustments for patrol coverage due to vacation and sick leave usage.

**14.5.5** If a schedule is adjusted pursuant to this section for reasons other than training, the remainder of the employee's work week will be adjusted so that the employee's start time will be within two (2) hours of the adjusted shift unless the employee desires to return to their original work schedule for the remainder of their work week.

If a schedule is adjusted for training, the remainder of their work week will also be adjusted within a four (4) hour window and the employee may elect to return to their regular shift.

There is no penalty to the Employer for an employee voluntarily returning to their regular shift.

#### **14.5.6 Penalty.**

- (a) Schedule adjustments which are not emergencies and for which appropriate notice has not been given shall result in the employee being paid time and one-half (1 ½) without adjustment of the employee's regular salary for all hours worked outside the employee's regular (unadjusted) schedule.
- (b) When an employee has his/her schedule adjusted for reasons other than training and the adjustment is for more than one (1) day in a work week, the obligation to pay time and one-half (1 ½) under this section only applies to the first day of the adjustment unless subsequent adjustments are made during the work week. Schedule adjustments for training where less than twenty-eight (28) days notice but more than seven (7) days notice has been given, the penalty shall apply only to the first day of the adjustment.
- (c) Employees on trial service (except as provided in Articles 17.4 and 17.4.1) schedules may be adjusted with seven (7) days notice without penalty to facilitate completion of training.
- (d) An adjustment with appropriate notice under this section shall not create an overtime liability under the definition of work day in Article 14.4.

#### **14.5.7 Voluntary Adjustments.**

An employee may voluntarily with prior supervisory approval adjust both his/her start/stop times and his/her days off without penalty to the Employer. If an employee voluntarily adjusts his/her days off the adjustment shall occur within the work week for non-sworn employees and within the twenty-eight (28)-day cycle for sworn employees. If approval is not granted, the decision is final and not subject to the grievance procedure.

#### **14.5.8 Holiday Coverage Schedule.**

A Holiday Coverage Schedule shall be posted twenty-eight (28) days in advance of a holiday period. The schedule shall identify those employees assigned to work and their work hours during the holiday period. There will be no schedule adjustment penalty providing there is a rest period of at least ten (10) hours between scheduled shifts. Overtime and callback hours worked during the rest period are included in the ten (10) hour minimum. The Holiday Coverage Schedule may be further adjusted without penalty with seven (7) days notice.

The holiday period subject to adjustment under these provisions will be those shifts which begin on any of the schedule adjustment days specified in Article 14.5.9. Divisions other than Patrol and Dispatch adjustment days are limited to the recognized holiday.

If the employee's schedule is adjusted within the provisions of this subsection, the remainder of the employee's work week will also be adjusted so that the employee's start time will be within two (2) hours of the adjusted shift. An employee may return to his/her original work schedule for the remainder of the work week, without penalty incurring, with supervisory approval.

Nothing in this subsection authorizes the scheduling of split shifts or adjustments intended to avoid holiday or overtime pay, except as provided in Article 19.4.

## 14.6 4-10 Shift.

**14.6.1** The Department may deny a 4-10 request or discontinue an approved 4-10 shift without employee vote if it determines the shift may/has adversely affect(ed) a Department operational need. An operational need includes but is not limited to:

**14.6.1.1** Need to meet Department program and/or priorities for the work group;  
or

**14.6.1.2** Need to meet Department workload or productivity standards without increasing overtime, compensatory leave, penalty pay, staffing or other direct or indirect monetary costs; or

**14.6.1.3** Need to meet Department standards for coverage for planned and unplanned absences to respond to workload needs; or

**14.6.1.4** Need to meet Department standards for response to emergencies, disasters, or extraordinary circumstances.

**14.6.2** Work groups within a division, who are not covered by an itinerary as outlined in Article 16, will be permitted the opportunity to vote once each year on whether or not to work the 4-10 shift.

**14.6.3** Work group is defined as all employees within a division who report directly to a division supervisor in order to accomplish the division's programs and priorities, except the Patrol Division. For the Patrol Division, a work group is defined as all employees at a work site. All sworn employees designated Resident Troopers within a common patrol area is a separate work group.

**14.6.4** The vote may be conducted only if thirty percent (30%) of the eligible employees in the division work group request such a vote. A minimum of a majority of all eligible employees in the work group is required for starting or stopping the 4-10 shift. The vote must occur in October, and if approved, the 4-10 shift will become effective upon the

beginning of the first twenty-eight (28)-day work cycle after January 1 of the following year. Employees are not eligible voters until the completion of the probationary period.

**14.6.5** The Association representative of the work group shall conduct the election, certify the results to the division supervisor(s), and supply a list of eligible employees in seniority order to the supervisor. Where employees are allowed to vote for a 4-10 shift under this Article, only employees permanently assigned to the affected division work group are allowed to vote.

**14.6.6** If employees in an affected division work group have affirmatively requested their preference for a 4-10 shift by the voting process, the Association representative of the work group will present a plan for such a 4-10 shift to the immediate supervisor(s) of the work group. The supervisor(s) will notify the Association representative if the plan conflicts with any operational need.

**14.6.7** If the request to move to a 4-10 shift is initially denied, or has been discontinued, the affected work group may provide additional information to the immediate division supervisor(s) that the 4-10 shift will not, or has not, adversely impacted operational need, for the supervisor's reconsideration.

**14.6.8** A denial of initial implementation or discontinuation of a 4-10 schedule may be grieved but shall not prevent a supervisor(s) from implementing his/her decision pending resolution of the grievance. The basis for any grievance in this regard will be whether or not the supervisor(s) applied operational needs criteria unreasonably or arbitrarily.

**14.6.9 Accruals.** All leave accruals and usage shall be calculated on an hourly basis to provide no greater or lesser benefit than received by employees on a 5-8 shift. For example, if an employee on the 4-10 shift takes a day of vacation, ten (10) hours of vacation leave shall be deducted from the employee's account.

**14.6.10 Configuration.** The 4-10 shift shall consist of three (3) consecutive days off followed by four (4) ten (10)-hour days. Employees shall receive the same meal and rest periods as employees on a 5-8 shift. If employees of a work group elect to work a 4-10 schedule with rotating days off, the days off in the rotation period need not be consecutive.

**14.6.11 Overtime.** Except as provided in Article 17.1.4, employees on the 4-10 shift shall be entitled to receive overtime only when they (A) work more than ten (10) hours per day, or (B) work more than forty (40) hours per week, or (C) work on one of the employee's days off, or (D) regular time off as existing practice.

**14.6.12 Change in Shifts.** Employees moving to and/or from the 4-10 to any other approved schedule shall not be entitled to overtime compensation as a result of such move.

**14.6.13** Employees who may be temporarily assigned to a work group will comply with the work schedule in place for employees who are permanently assigned to that work group.

## **14.7 Rest and Meal Periods.**

**14.7.1** Subject to the reasonable operating needs of the Department, a rest period of fifteen (15) minutes shall be permitted for all employees during each half shift and shall be considered on-duty time.

**14.7.2** Subject to the reasonable operating needs of the Department, all employees shall be granted a meal period during each work shift. The meal period shall be scheduled in the middle of the work shift or as near thereto as possible. Paid meal periods shall be thirty (30) minutes. Unpaid meal periods may be up to one (1) hour, or other period upon mutual agreement.

**14.7.3** Subject to the reasonable operating needs of the Department, and in lieu of the thirty (30)-minute paid meal period and fifteen minute breaks, the employee may be permitted to combine breaks and lunch in different configurations, so long as they are not utilized to shorten the work day.

**14.7.4** Employees working overtime shall receive a paid fifteen (15) minute rest period after the first two (2) hours of overtime worked. Employees shall receive a thirty (30)-minute paid meal period after four (4) hours overtime worked, provided they return to work after the meal period.

**14.7.5** Employees in the Forensic Services Division, subject to the reasonable operating needs of the Department, shall have the option of electing to work a continuous shift, or a shift which includes a thirty (30) or sixty (60) minute unpaid meal period. Employees in Forensic Services Division shall have the option of combining their rest periods under Article 14.8.1 (not to be used to shorten the work day) provided there is no unpaid meal period taken.

**14.7.6** Where employees have been regularly scheduled to work an eight (8) to five (5) shift with a one (1) hour meal period on a continual basis, that work shift shall be continued per past practice.

**14.7.7** Fleet and Technical Services classification lunch breaks are duty-free unpaid lunch breaks.

## **14.8 Shift/Day Off Trade.**

Subject to written supervisor approval, two (2) employees may voluntarily trade shifts/days off. The Department will not incur any overtime liability as a result of the trade. Trades will be completed within thirty (30) days of the first affected shift/day off.

For the workweek within which monthly training occurs, SWAT team members may voluntarily work in excess of forty (40) hours. If they do, the excess hours will be taken on a straight time basis as time off during the balance of the twenty-eight (28)-day cycle at a time mutually agreeable to the SWAT team member and supervisor. To accommodate the training schedule, the time off may be taken before the anticipated excess training hours are worked, provided it is still within the same twenty-eight (28)-day cycle. If the time taken off exceeds the actual excess training hours worked, the SWAT team member will utilize paid leave to make up the difference.

#### **14.9 Day Off Rollover.**

Day off rollover shall be continued as per the existing practice, in each worksite subject to the reasonable operating needs of the Department. If a problem under the Federal Fair Labor Standards Act is identified, the parties agree to meet and negotiate.

#### **14.10 Travel From Assignments.**

Employees who have completed training or an assignment at a location other than their regular work site shall be given the option of traveling home on paid status at the conclusion of the training or the assignment and shall not be required to stay overnight at the remote location if the remote location is two (2) hours or less from the employee's home or regular duty station (whichever is closer to the remote location). If the travel time is over two (2) hours, the decision as to whether to allow the employee to travel home at the conclusion of the assignment shall be at the reasonable discretion of the employee's supervisor.

In addition, the following shall also apply to travel from assignments:

**14.10.1** An assignment to testify in a court outside the normal working boundaries of the worksite to which the employee is assigned shall be considered a "remote location."

**14.10.2** An assignment is considered complete when all work is completed at the remote location, not when the employee has returned to his/her worksite.

**14.10.3** For the purposes of pilots, the two (2) hour threshold shall be considered to be flight time when the pilot is operating an airplane. When a pilot is scheduled to a flight with multiple assignments, the assignment shall be considered completed at the conclusion of the last set of assignments involved in the flight.

**14.10.4** This article does not supersede the language in Article 17.5 regarding the authorization of one (1) round trip from a worksite to a training site.

#### **14.11 Penalty Payments.**

The Employer shall not be liable for more than one (1) penalty payment for the same hours worked under this Agreement.

#### **14.12 Flexible Work Hours.**

Subject to the following terms and conditions, the parties agree with respect to flexible work hours.

**14.12.1 Site.** The flexible work hours will only be assigned to employees in the Dignitary Protection Unit.

**14.12.2 Accruals.** All leave accrual and usage shall be calculated to provide no greater or lesser benefit than received by employees on a 5-8 shift.

**14.12.3 Configuration.** Employees assigned to the Dignitary Protection Unit may be assigned a work schedule containing flexible hours that may exceed eight (8) hours on any scheduled work day, but will not exceed forty (40) hours in any one (1) week.

**14.12.4 Termination.** The program will be discontinued on January 1 in any year the majority of the Dignitary Protection Unit employees vote in October of the preceding year, to discontinue the flexible work hours, or if operational reasons dictate such termination.

**14.12.5 Overtime.** Overtime liability will only occur for hours worked in excess of forty (40) hours in one (1) week.

**14.12.6 Change in Shifts.** Employees moving to and/or from different shifts during the forty (40) hours in the one (1) week shall not be entitled to overtime as a result of such moves.

### **14.13 Dog Handler.**

The purpose of this Section is to meet the FLSA requirements. No penalty pay provisions apply to this activity. Employees who are assigned canines will schedule sufficient time during their regularly scheduled workdays to care for the canines. Employees are authorized **three (3)** hours per week at the straight time rate of pay to cover for any additional time needed to care for the canines. The Department will provide commercial kenneling for the dog when off duty care of the dog exceeds the **three (3)** hrs/wk allowed for off duty care. If a commercial kennel is to be used, the **three (3)** hours allowed for off duty care must include transport time to and from the kennel.

The Employer shall seek to provide alternative resources for the care of the accelerant canine when the handler is on paid leave. In the event such resources are unavailable in a given situation, the handler will be credited with up to one (1) hour of time worked per day or, if it is a holiday off, receive up to one (1) hour of holiday pay at time and one-half (1½).

**When a handler is caring for more than one (1) department canine, the handler will receive an additional one (1) hour of straight time pay on each of the handler's days off and workdays or, if it is a holiday, receive up to one (1) hour of holiday pay at time and one-half (1½).**

## **ARTICLE 15 - SHIFT SELECTION**

### **15.1 Shift Selection.**

Shift selection shall be by the following process:

**15.1.1** Work groups shall be allowed to determine whether or not to bid shifts. A vote may occur once every fiscal year to start or stop shift bidding. The vote may be conducted only if thirty percent (30%) of the affected bidding employees (as solely determined by the Association) in a work group request such a vote. The vote must occur in October and

become effective at the start of the first twenty-eight (28)-day cycle commencing after January 1 of the next year. A minimum of a majority of the affected employees (as solely determined by the Association) is required for starting or stopping shift bidding. Employees are not eligible voters until the completion of the probationary period. The Association representative at the work site shall conduct the election, certify the results to the supervisor, and supply a list of eligible employees in seniority order to the supervisor.

Work group is defined as all employees at a work site within a Division who accomplish the division's programs and priorities except the Patrol Division. For the Patrol Division, a work group is defined as all employees at a work site. This does not prohibit the Employer from designating shifts by discipline within the Forensics Division.

**15.1.2** If the work site elects to bid shifts, the following shall occur:

**15.1.2.1** The supervisor shall establish the number of shifts, and the specific hours when they occur.

**15.1.2.2** The eligible employees will bid, by seniority, for the shift. Employees on unpaid leave of absence at the time of the bid shall not be eligible to bid. An employee who is still in training and not on solo status in their classification is not eligible to bid. Once released from training and in solo status in their classification the employee will be assigned a shift. If the shift assigned was not available at the time of the bid, then on the basis of seniority a senior employee may elect that shift, in that case the probationary employee will be assigned the vacated shift.

**15.1.2.3** After the Lieutenant has established shifts under Section 15.1.2.1 which may include patrol Sergeant rotations, patrol Sergeants will bid shifts based on seniority (as defined in Section 24.2.3.3). Nothing herein precludes four (4) ten (10 shifts for patrol Sergeants or from patrol Sergeants agreeing on filling shift needs, with supervisory approval.

**15.1.2.4** The supervisor has the right to change both the schedule and the assigned employee at any time provided the supervisor has a reasonable operational need for making the change.

**15.1.2.5** Each work group will determine whether to bid on a minimum of three (3), twenty-eight (28)-day blocks or on a block of no greater than thirteen (13), twenty-eight (28)-day periods. No employees may bid the same shift for more than thirteen (13), twenty-eight (28)-day periods unless the vote to start shift bidding specifies that employees are not restricted in the length of time they can remain on any one shift. If the employees vote to bid on a block of less than thirteen (13), twenty-eight (28)-day cycles, then the employees will also vote on whether they will bid all blocks in the year at one time or bid each block at the start of the twenty-eight (28)-day cycle immediately preceding the commencement of that block.

**15.1.2.6** Where the Employer changes an individual employee's shift which may result in altered days off for training or retraining purposes on an isolated basis for the purposes of building basic job skills (not including training provided on a

regular basis to other employees) and the shift to which the employee is reassigned results in an employee being displaced, the least senior employee on the shift will be bumped if no volunteers are available to trade shifts with the temporarily reassigned employee.

The employee who is bumped will be able to exercise seniority to select another shift if the length of the training assignment is more than fourteen (14) calendar days in length; in cases of training assignments of less than fifteen (15) calendar days, the bumped employee will backfill the shift normally worked by the temporarily reassigned employee. Employees who are consequently bumped as a result of the exercise of seniority by the bumped shift shall have the right to use seniority to select new shifts. Upon completion of the training assignment, all employees will be returned to their previously bid shifts. The decision to change an employee's shift may result in altered days for other employees who have been consequently "bumped" from their shifts.

**15.1.2.7** A work group/worksites may agree to modify the bidding process set forth herein at individual worksites. Such agreements shall be reduced to writing, limited to the specific involved work group/worksites, and signed by the Association and Employer.

**15.1.2.8** A Command Center that bids shifts under this Section 15.1.2 process will bid vacation simultaneously with the shift bid for the same period of time covered by the shift bid. Any other work group/worksites that bid shifts under this Section 15.1.2 may elect to bid vacation simultaneously with the shift bid for the same period of time covered by the shift bid.

**15.1.3** Only Command Centers, Forensic Division, Lottery Security Section and Patrol Division employees assigned to road patrol may bid shifts, except that probationary and trial service employees are not allowed to work a shift that they have bid until the completion of the probation and/or trial service period. If the Employer makes a substantial change in the past practice with respect to shifts in any unit or team, the parties agree to collectively bargain over whether this section shall apply.

**15.1.4** Nothing in this Section shall affect the duration of a patrol schedule.

**15.1.5** An employee transferring to a work site or new employee qualified for solo status is assigned to a work site during a shift bid block shall be assigned to a shift by the supervisor for the duration of the block. However, if a new shift is created which has different start/stop times and/or different days off from those shifts previously bid, then the new shift shall be made available for bid to current employees on a seniority basis. If a current employee successfully bids for the new shift then the incoming employee shall be assigned to the current employees now vacant shift. No further bumping shall be allowed.

**15.1.6** Between October 1 and November 30, employees who work rotating days off who participate in the shift bidding process shall sign up on the basis of seniority for day off rotations for the following calendar year. For the following calendar year, employees shall

only be entitled to select shifts on the basis of seniority if the shift they have bid has the day off rotation they were awarded as a result of the sign up process.

**15.1.7** If a work schedule for a work group is changed under Articles 14.6.7 or 15.1.2.3, and the employees affected have previously voted in favor of shift bid, the eligible employees will be allowed to bid, by seniority, for the shift. The current work schedule will remain in effect for the remainder of the current twenty-eight (28)-day cycle, plus a final twenty-eight (28)-day cycle to allow for a schedule changeover.

## **15.2 Eligibility to Vote.**

Where employees are allowed to bid under this article, employees who are temporarily assigned to other than the Patrol Division as of the time the vote occurs are not eligible voters in a Patrol Division schedule.

## **15.3 Rotation of Shifts.**

If shifts rotate, they shall rotate on a block of no greater than thirteen (13), twenty-eight (28)-day periods as determined by majority vote of the affected employees at the worksite in question. The Employer may override the results of this vote based upon reasonable operational needs.

*REV: 2015,2019,2023,2025*

# **ARTICLE 16 - ITINERARIES**

## **16.1 Fish and Wildlife Itinerary.**

Employees of the Fish and Wildlife Division shall submit an itinerary on a bi-weekly basis. The work week begins following two regularly scheduled days off. The employee's supervisor may approve, deny, make changes in the itinerary or reschedule the employee. An itinerary may be approved if it contains more than forty (40) hours in a seven (7) day period. The approved schedule shall address Fish and Wildlife Division priorities. Days off may be changed only as provided below. A Fish and Wildlife Division employee's itinerary, once set, may also be changed by their supervisor, but only for operational needs (but not to include the avoidance of court overtime or the accommodation of Department training). Employees may have their days off involuntarily changed for training no more than once a calendar year during one work week with twenty-eight (28) days notice. The employee also may change their itinerary subject to the supervisor's approval. Employees may not schedule more than six (6) consecutive work days **without supervisory approval**.

Overtime liability for Fish and Wildlife Division employees only occurs:

- a. in callback situations under this Agreement,
- b. when an employee works more than eighty (80) hours in a two (2) week work period, or
- c. when a Supervisor changes an approved itinerary.

Where the employee's supervisor changes an employee's itinerary requiring the employee to work in excess of their scheduled hours per day, or changes an itinerary requiring the employee to work more than forty (40) hours in a work week, overtime liability occurs and hours worked in excess of their schedule or in excess of forty (40) will be paid at the overtime rate. The workday starts at 12:01 a.m. and ends at 11:59 p.m. the same day. (See Article 17.1.4.) An employee who does not work eighty (80) hours within the itinerary period will be required to take appropriate leave.

An employee may voluntarily adjust hours/shifts with supervisory approval. Such adjustments will not result in overtime liability.

Employees' days off may be changed by their supervisor without incurring overtime liability, but only for reasons relating to operational needs (but not to include the avoidance of court overtime).

Employees shall be entitled to the travel time provisions of this Agreement.

The Employer shall not split shifts to avoid court overtime. However, when required by operational priorities, shifts may be split into segments.

Nothing in this section prohibits a supervisor from allowing an employee to submit more than one itinerary at a time for approval.

#### **16.2.1 Drug Enforcement, Patrol Division Regional Crash Reconstructionists, Patrol Division Dog Handlers, and Evidence Section Itinerary.**

Employees assigned to the Drug Enforcement Section, as **Patrol Division Regional Crash Reconstructionists, and Patrol Division Dog Handlers** shall submit an itinerary on a weekly basis. Evidence Program employees shall submit an itinerary on a monthly basis or other timeframe as mutually agreed upon between the employee and their supervisor. The employee's supervisor may approve, deny, make changes, or reschedule the employee for operating needs (but not to include the avoidance of court overtime). Once set, an itinerary may also be changed by their supervisor for operating needs (but not to include the avoidance of court overtime). An irregular hours liability will only accrue for a change after the itinerary is set. The irregular hours liability is limited to the shift in which the change occurs. The employee also may change their itinerary subject to the supervisor's approval with no liability to the Department.

Overtime liability for these employees only occurs in callback situations under this Agreement, or where the employee works more than forty (40) hours per week, except for irregular shifts. Where the employee's supervisor changes an employee's itinerary requiring the employee to work in excess of eight (8) hours per day, overtime liability occurs. (See Article 17.1.4.)

The Employer shall not split shifts to avoid court overtime.

**Canine care for Patrol Division Dog Handlers is addressed in Article 14.13.**

#### **16.2.2 Sergeant's Itinerary.**

Sergeants shall submit an itinerary on a weekly basis. The employee's supervisor may approve, deny, make changes or reschedule the employee for operating needs (but not to include the avoidance of court overtime). Once set, an itinerary may also be changed by their supervisor for

operating needs (but not to include the avoidance of court overtime). An irregular hours liability will only accrue for a change after the itinerary is set. The irregular hours liability is limited to the shift in which the change occurs. The employee also may change their itinerary subject to the supervisor's approval with no liability to the Department. Nothing in this Section precludes a supervisor from pre-authorizing a Sergeant's request for day to day adjustments within the itinerary.

Upon approval from their supervisor, a patrol sergeant may work a four (4) ten (10) schedule.

Approval to work the four (4) ten (10) schedule described above will not be arbitrarily withheld.

Overtime liability for these employees only occurs where the employee works more than forty (40) hours per week, except for irregular shifts. Where the employee's supervisor changes an employee's itinerary requiring the employee to work in excess of eight (8) hours per day, overtime liability occurs.

(See Article 17.1.4.)

The Employer shall not split shifts to avoid court overtime. If a Sergeant works overtime hours during the work week, the Sergeant will not be required to deviate from the Sergeant's itinerary.

### **16.3 Itinerary Practices.**

The itineraries referred to in this article shall have regularly assigned days off. For Fish and Wildlife Offices with more than one (1) employee, the supervisor shall designate the various sets of days off. The employees will agree among themselves who gets which set of days off. In the event there is no agreement among the employees, the supervisor shall assign days off; **for Fish & Wildlife, the supervisor shall assign days off based on seniority within the Fish & Wildlife Division.** An itinerary shall be considered set if it is not changed or rejected by a supervisor within forty-eight (48) hours of its submission. Employees may not change days off once set without supervisory approval.

Nothing in this article prevents an employee from scheduling, and a supervisor from approving, a schedule other than a 5-8. **Nothing in this Article prevents Fish & Wildlife Division Members from implementing a schedule other than a five (5) eight (8) schedule so long as it provides adequate coverage and addresses Fish & Wildlife Division priorities.**

Each Fish and Wildlife Division member has two (2) regular days off, an employee may submit a bi-weekly itinerary with days off that vary from the employee's regularly scheduled days off and a supervisor may approve such an itinerary. The employee's supervisor may approve a bi-weekly individual itinerary other than a 5/8 but is not required to do so. The employee's supervisor may not deny an itinerary request that is operationally neutral. Approval of a bi-weekly itinerary other than a 5/8 for a particular employee does not set a precedent for that employee, other employees and/or subsequent itineraries.

## **ARTICLE 17 - OVERTIME**

### **17.1 Overtime.**

**17.1.1** Except for specific provisions of this Agreement to the contrary, employees shall be compensated at the rate of one and one-half (1 ½) times their regular rate of pay for overtime work under the following conditions: Command Center employees who volunteer or are mandated to work overtime hours with less than twenty-four (24) hours notice shall be paid at the rate of two (2) times their regular rate.

All hours worked in excess of the daily scheduled shift (minimum of eight (8)-hour work day).

All hours worked in excess of forty (40) hours in any one (1) week with the exceptions of variances in the work week caused by rotating days off, shift changeovers, other approved alternative schedules, and split shifts.

**17.1.2** No employee may work overtime hours except at the direction of the Employer.

**17.1.3** Where the Employer requests a physician's statement under this Agreement, the time the employee spends obtaining the physician's statement shall be treated as follows: If the Employer requests the statement while the employee is on sick leave status before the employee has returned to work, the employee shall be entitled to no additional compensation for obtaining the statement.

If the Employer requests the statement after the employee's sick leave status has ended, the time spent by the employee shall be counted as time worked under this article.

**17.1.4** In the event an employee utilizes sick leave for all or part of a work day and the employee works hours adjacent to their regular scheduled shift during which sick leave was taken, the employee will accrue overtime when the actual hours worked exceed the number of hours originally scheduled. When an employee utilizes sick leave subsequent to a mandatory overtime assignment, such sick time may be considered hours worked. The Employer will not require unscheduled work for such employee unless necessitated by unforeseen circumstances. Such unscheduled hours will reduce sick leave usage on an hour-for-hour basis.

## **17.2 Regular Rate.**

As used in this Article, "regular rate" shall be defined as the term is defined in the Fair Labor Standards Act.

## **17.3 Compensatory Leave.**

**17.3.1** An employee may choose to accrue compensatory leave in lieu of overtime payments. There shall be a maximum accumulation of **two hundred forty (240)** hours of compensatory leave at any one time in lieu of overtime pay for each employee.

**17.3.2** On December 1 and June 1 of each year, the Department may make cash conversions of any portion of hours exceeding forty (40) hours in compensatory leave banks. Conversion formulas will be uniform in application to bargaining unit members.

Members with a balance exceeding , **two hundred forty (240)** hours are not eligible for cash out of the excess hours.

**See also Article 19.1.2 regarding additional cash out options.**

**17.3.3** The Employer may require that overtime compensation be in the form of compensatory leave, (up to the **two hundred forty (240)** hour maximum accumulation) if budgetary constraints facing the Employer reasonably dictate such a result.

**17.3.4** Any employee who earns additional overtime while at the **two hundred forty (240)** hour maximum accumulation of compensatory leave, whether the employee has reached the maximum accumulation through voluntary accumulation or owing to the Employer's exercise of its rights under Article 17.3.3 shall be compensated for such overtime in the form of cash.

**17.3.5.** The usage of compensatory leave shall be governed by the standards contained in the Fair Labor Standards Act but will require a reasonable notice of not less than seven (7) days. Compensatory leave may be used with less than seven (7) days notice at a time mutually agreeable with the employee and employee's supervisor.

Compensatory leave time requests may be denied when special circumstances or events require the Department to increase staff above the normal staffing plan to meet the operational needs of the special event or circumstance.

Employees assigned to the Northern and Southern Command Centers shall not be allowed to take compensatory leave on Thanksgiving, Christmas or New Year's Day unless in conjunction with a bid vacation.

## **17.4 Recruit.**

### **17.4.1 Recruit Schools.**

Recruits, including lateral transfers, attending the Pre-Academy, DPSST Basic, Advanced Academy and/or Police Career Officer Development schools shall be compensated at the appropriate monthly salary for the classification as set forth in this Agreement. Recruits assigned to Pre-Academy, DPSST Basic, Advanced Academy or Police Career Officer Development schools may be scheduled to work irregular shifts or hours without the Employer incurring overtime or penalty payment liability. Additional compensation shall only be paid for hours worked in excess of forty (40) hours in each work week. A work week is defined for this agreement as 12:00 am Sunday through 11:59 pm Saturday. Hours worked in excess of the forty (40) hours in each work week will be compensated in the form of compensatory time at a rate of one-and-one half (1 ½) times the employee's regular rate of pay. Compensatory time will continue to accrue until the recruit has earned one hundred eighty (180) hours, at which time all additional hours earned, shall be paid in cash. Section 17.1.4 is applicable to this section.

Reclassified employees who are assigned to attend Pre-Academy school shall have their accumulated compensatory leave cashed out at their prior classification's rate of pay prior to starting school. Reclassified employees shall be compensated and earn compensatory leave as provided herein while attending the Pre-Academy school.

The Employer may schedule a one (1) hour unpaid lunch during Pre-Academy, DPSST Basic, Advanced Academy and/or Police Career Officer Development schools.

#### **17.4.2 Recruit Office Training.**

Recruits who report to their assigned worksite before or in between schools or upon completion of Advanced Academy may be assigned to work irregular shifts or hours without any penalty payment or liability. Recruits who work in excess of forty (40) hours in a week will be compensated in the form of overtime pay. Section 17.1.4 is applicable to this section. A recruit may choose to accrue compensatory leave in lieu of overtime payments up to one hundred eighty (180) hours, at which time all additional overtime hours worked shall be paid in cash.

Upon assignment to solo patrol the other provisions of Article 14 and 15 apply.

#### **17.4.3 Recruit Travel and Mileage Reimbursement.**

Recruits are authorized travel time for one (1) round trip to the training site from their worksite in an on-duty status for each of the following trainings: Pre-Academy, DPSST Basic, Advanced Academy, Police Career Officer Development and Regional or Basic schools. Travel authorized in a personal vehicle shall be reimbursed at the rate provided in DAS policy.

### **17.5 Training.**

Employee(s) will be compensated at the rate of time and one-half (1 ½) if they are required to travel or work on a day off to accommodate training. The Employer may schedule a one (1)-hour unpaid lunch period on work days devoted to training. Bargaining unit members may be authorized travel time for one (1) round trip to the training site from their worksite in an on-duty status, in either a Department vehicle or personal vehicle. Sworn personnel traveling in marked State Police vehicles shall be in uniform. Unmarked Department vehicles may be authorized for after hours transportation within a thirty (30) mile radius of the training in combination with authorized lodging.

### **17.6 Command Center Mandatory Overtime.**

Each Command Center will establish and maintain a committee for the purpose of determining how and when mandatory overtime is to be assigned. Each committee will be comprised of a minimum of one (1) supervisor designated by the Command Center Manager and up to three (3) employees assigned by the Association Site Representative. In the event that an Association Representative is not available, the Association Region Representative shall assign the committee participants. In addition, the Command Center Manager, OPS/Human Resources Representative and Association Site Representative may participate as members as they see fit. The Committee shall determine mandatory overtime rules in each individual center to ensure a fair and equitable assignment of mandatory overtime. Once rules are established, the Committee will meet as needed, upon the request of either party, but no less than once per year to make changes or updates to the rules and address any concerns or issues that arise. The Committee will determine appropriate remedies for violations of the mandatory overtime rules.

## ARTICLE 18 - CALLBACK, IRREGULAR HOURS, AND OTHER PAYMENTS

### 18.1 Callback.

**18.1.1** When called to duty on a day off to attend court or administrative hearings, other than grievance arbitrations to which the Association and the State are parties, if the appearance(s) cannot be rescheduled, a minimum of four (4) hours at time and one-half (1½) will be guaranteed. When called to duty on a regularly scheduled work day to attend court or administrative hearings, other than grievance arbitrations to which the Association and the State are parties, a minimum of three (3) hours at time and one-half (1½) will be guaranteed. Call back hours may be taken as Compensatory Leave. Any hours worked exceeding three (3) will be paid at time and one-half (1½). If more than one (1) appearance is scheduled within a three (3)-hour period, it will be considered as one (1) callback. However, when a court appearance is scheduled within one (1) hour of an employee's shift, the shift may be adjusted or extended as long as overtime payment is made.

**18.1.2** When called to duty on a day off other than a court appearance or administrative hearings other than grievance arbitration to which the Association and the State are parties, a minimum of four (4) hours of time and one-half (1½) will be guaranteed. Any hours worked exceeding the four (4) hour minimum will be paid at time and one-half (1½). Call back hours may be taken as Compensatory Leave.

**18.1.3** When called to duty other than a court appearance or administrative hearing on a duty day after a break in service, a minimum of three (3) hours of time and one-half (1½) will be guaranteed. However:

**18.1.3.1** An employee's shift may be extended at any time by calling out the employee prior to their next shift and requiring that the employee continue working through their scheduled shift. The employee shall be paid at the overtime rate for the first two (2) hours of the shift extension.

Front end shift extensions longer than two (2) hours but less than three (3) hours shall be considered a callback. If the front end shift extension is three (3) or more hours in duration, the employee shall be paid at the overtime rate for all hours worked on the shift extension. An employee may be required to continue working at the end of their shift and they shall be paid, at the overtime rate for all hours in excess of the daily scheduled shift (minimum of eight (8)-hour work day). (See Article 17.1.4.)

**18.1.4** If the employee is called back to work, and is instructed by a supervisor to respond immediately, the employee's time worked begins with the supervisor's request. For purposes of this Article, the word "immediately" means any required response within a two (2) hour period of time from the supervisor's request. Otherwise, the callback begins with the time the employee reports for work at the employee's assigned duty station.

**18.1.5** It is the intent of the parties that there shall be no "make work" assigned to employees who are called back to work for court appearances unless the employee receives

an additional callback. If the employee is called back to work in an emergency situation, the employee can be assigned by the Department to handle other emergency situations occurring during the period of the callback without the Department incurring two callback payment liabilities.

**18.1.6. Sergeant Telephone On-Call.** The Parties recognize the need to have lead workers and supervisors available to communicate Agency directives during all hours of the day, due to the nature of our profession.

Supervisors will create a Telephone On-Call schedule for the Area Command or area of work responsibility as determined by management. The Supervisor shall ensure that the Telephone On-Call schedule provides coverage, as needed, and shall be shared amongst the Sergeants in the work responsibility as determined by management. Employees listed on the Telephone On-Call schedule may be contacted if circumstances dictate communication or return to duty status.

Sergeants, as lead workers, play a key role in the Agency leadership efforts and will serve in Telephone On-Call rotation(s). While serving as the designated Telephone On-Call, off-duty Sergeants will not have their personal movements or actions restricted. Sergeants assigned as the Telephone On-Call for a work unit or location must notify their supervisor and reassign their Telephone On-Call responsibilities if they are going to engage in activities that would prohibit their ability to fulfill their obligations. Sergeants within an Area Command or work unit (i.e. Major Crimes, lottery, etc.) may trade on-call status with prior supervisory approval. Sergeants intentionally refusing to respond when assigned Telephone On-Call may be subject to discipline.

Sergeants who receive or initiate a telephone call or text requiring an immediate response, which calls them back to duty, shall be compensated for the telephone call or text at the applicable rate for the length of the telephone call or text or a minimum of thirty (30) minutes, whichever is greater. In the event that a single incident generates multiple telephone calls or texts the Sergeant shall be compensated for the total time at the applicable rate from the start of the first (1<sup>st</sup>) telephone call or text to the end of the last telephone call or text so long as the time between telephone calls or texts is one (1) hour or less. In the event the period between telephone calls or texts is longer than one (1) hour the Sergeant shall be compensated as provided above with the thirty (30) minute minimum.

Sergeants covered by this Section are not eligible for On-Call compensation as described in 18.3.

**18.1.7 Field Investigation/Crime Scene Rotation and Response.** The Parties recognize that Forensic Scientists and Evidence Technicians who are trained and assigned by management to respond to crime scenes after hours provide an important service in the criminal justice system. Management in each lab (Portland, Pendleton, Bend, Springfield and Central Point) shall establish a rotation list of employees who are qualified and approved to respond. Forensic Scientists assigned as the primary rotation contact for their lab and location must notify their supervisor if they are unable to timely respond. Such notification is not subject to disciplinary action. A timely response is considered arriving at the laboratory as soon as possible but no later than three (3) hours from the request.

Nothing in this provision precludes management from calling another employee for voluntary response.

Field Investigation/Crime Scene Team members who are called to respond immediately to crime scenes outside of an employee's scheduled work hours shall be compensated at the rate of double time and a half (2.5) for the length of the call-out or until the employee's regular scheduled shift begins. The call-out begins when the supervisor notifies the employee. However, if an employee is not required to respond immediately they will be compensated when they report to work. Double time and a half (2.5) will not be paid for call-outs that run contiguous to the end of an employee's scheduled work hours.

Management reserves the right to assign and remove trained and qualified Forensic Scientists from crime scene team duties. Removals are not subject to the Just Cause standard and are not grievable.

This Section does not create on-call status per Section 18.3.

## **18.2 Irregular Hours.**

This Section applies only to Article 16.1 (F&W), and 16.2 (DES) Itineraries.

Article 18.2 will only apply when the employee's schedule is changed once it is set. An employee's shift may be adjusted at any time by calling out the employee prior to their next shift and adjusting the starting and stopping time of the daily scheduled shift or for employees on an itinerary, in excess of the scheduled shift.

**18.2.1 Base Starting Time.** If, during a work week, an employee works a shift with a starting time different than the "base starting time" for the employee, the employee shall be paid one-half (1/2) hour of additional compensation for each hour the starting time of any shift varies from the "base starting time." The "base starting time" shall be the first hour the employee works during the workweek except where the employee's shift has been extended.

**18.2.2 Voluntary Split Shifts.** If an employee voluntarily splits a shift on the first day of the workweek, the "base starting time" shall be the first scheduled non-split shift the employee works that week.

**18.2.3 Voluntary Irregular Hours.** The parties agree that employees will be allowed to voluntarily work irregular hours without penalty to the Employer unless the employee works more hours than the employee's regularly scheduled shift. These provisions apply when an employee wishes to: change days off; change the length of the work shift (e.g., to or from 4-10 and 5-8 work shifts); change the starting time of the work shift; and, change to a work week with non-consecutive days off.

**18.2.4** Nothing in the Collective Bargaining Agreement forbids the employee from voluntarily adjusting their work schedule provided prior supervisory approval is obtained. If approval is not granted, the decision is final and not subject to the grievance procedure.

### **18.3 Standby and On-Call Duty Time.**

Employees who are placed on standby or who are on on-call status shall be compensated at seventeen percent (17%) of their straight time rate for the time they are on standby.

### **18.4 Pyramiding.**

There shall be no pyramiding of overtime under this Article and Articles 17 and Article 19.

### **18.5 Safety Release Time.**

The Employer recognizes the need to provide its employees adequate rest between work periods. Safety Release Time (SRT) is a mechanism the Employer uses to ensure this occurs.

Employees working eighteen (18) or more hours in a twenty-four (24) hour period shall be given sufficient time off between shifts to provide for an eight (8) hour rest period before returning to work. Employees working eighteen (18) or more hours may be granted up to eight (8) hours of SRT, at the adjusted base rate, to provide time to rest. This does not require the employer to pay for normal time off. Forensic Scientist, Dispatch and Evidence Technician employees who have completed their shift shall be given sufficient time off between shifts to provide for a nine (9) hour rest period before returning to work.

The hours worked in a twenty-four (24) hour period are calculated in aggregate and do not need to be contiguous. The twenty-four (24) hour period begins at the start of the employee's scheduled shift and ends twenty-four (24) hours later.

Example: Monday, 7:00 AM to Tuesday 6:59 AM.

Sergeants receiving compensation under 18.1.6, Sergeant Telephone On-Call, may not include these calls in the eighteen (18) hour calculation.

In the event the Employer is unable to provide eight (8) consecutive hours of rest, employees will be compensated at the rate of one-point-five (1.5) times their adjusted base rate of pay for all hours worked in excess of their regularly scheduled shift until they have received eight (8) consecutive hours of rest. With supervisory approval, employees working a ten (10) hour shift may use accrued leave to cover their regular shift.

When possible, employees must receive prior supervisory approval to work more than sixteen (16) consecutive hours. When possible, Forensic Scientist, Dispatch and Evidence Technician employees must receive prior supervisory approval to work more than fifteen (15) consecutive hours. Employees who do not receive prior approval may be subject to discipline. An employee must also receive prior supervisory approval to return to work prior to completing the eight (8) or nine (9) hour rest period. This provision does not waive mandatory court obligations.

Up to eight (8) or nine (9) hours of safety release time will be provided to complete the regular shift.

**REV: 2017, 2019, 2021, 2023**

## **ARTICLE 19 - HOLIDAYS**

## **19.1 Holiday Leave Bank.**

A leave bank is established in lieu of traditional holiday leave. Each employee will eight (8) hours of leave per full calendar month of paid employment (pro-rata share if the employee is less than full time), with an annual maximum accrual of ninety-six (96) hours.

Holiday leave may be taken, once earned, at a time mutually agreeable between the employee and employee's supervisor.

### **19.1.1 Excess Accrual.**

Leave accrued in excess of ninety-six (96) hours will be paid. The rate of pay will be the hourly rate of the employee.

### **19.1.2 Holiday Leave / Compensatory Leave Bank Cash Out.**

An employee may submit a written request to their supervisor for cash out payment of a minimum of eight (8) hours of their accrued holiday leave or compensatory time bank in a month. This request must be submitted no later than the first business day following January 1, of each year of the biennium. Such requests shall not exceed eighty (80) hours in total combined holiday leave and compensatory time annually..

## **19.2 Personal Leave.**

Such leave may be taken, as mutually agreed to by the supervisor and the employee, and must be used by November 30 of the next calendar year. Upon ratification of the 2021 reopener, employees shall no longer be eligible to receive eight (8) hours of Governor's leave.

## **19.4 Work on Thanksgiving, Day after Thanksgiving, Christmas, New Years, Labor Day, Independence Day and Memorial Day.**

**Sworn and Command Center** employees who work on the Holiday shall be compensated at the current rate plus one half (1/2) the regular rate of pay for each scheduled hour worked between 12:01 a.m. and 11:59 p.m. on New Years, Memorial Day, **Independence Day**, Labor Day, Thanksgiving, Day after Thanksgiving and Christmas. For hours worked which extend the regularly scheduled holiday shift, and/or for employees called back to work or otherwise work overtime, the employee shall be compensated at double time and one-half (2.5) hours on the above

days. **All other employees who are directed to work on the holiday are eligible to receive double time and one-half (1/2) compensation.**

Employees who don't work on the Holiday may utilize an appropriate leave or work their regularly scheduled shift without additional compensation to maintain a forty (40) hour workweek.

Employees who work a holiday on a regularly scheduled day off shall be compensated at double time and a half (2.5) hours for actual hours worked on the holiday.

All hours worked in addition to scheduled hours, hours worked as callback from vacation or a day off, and unworked callback hours, will be paid in accordance with the governing provisions of the Agreement.

### **19.5 Make Up Time.**

Employees who accrued make up time off prior to the effective date of this contract shall be entitled to use such time and to convert any remaining time upon separation from service, under the terms existing on June 30, 1991.

### **19.6 Leave Approval**

Employees will submit Holiday Leave and Personal Leave time off requests to their supervisor. Upon receipt the supervisor will have fifteen (15) days to approve or deny the requests. If the employee is not notified that the leave request is approved or denied within fifteen (15) days, the request will be considered approved.

REV: 2015, 2017, 2019, 2021, 2023, 2025

## **ARTICLE 20 - VACATION**

### **20.1 Accruals.**

Paid vacation leave is earned each month of paid employment at the following rates:

YEARS	HOURS/MONTH	DAYS/YEAR
0-5	8	12
6-10	10	15
11-15	12	18
16-20	14	21
20-25	16	24
25+	18	27

For purposes of the above table, an employee's "years" shall be the employee's total service with the State of Oregon **and while serving in a comparable position with another governmental agency.**

***Bargaining note: This vacation accrual matrix placement applies prospectively effective the first day of the month after ratification to both existing employees and new hires.***

**The Parties will work together to confirm impacted employees.**

## **20.2 Selection of Vacation Times.**

Subject to the reasonable operating needs of the Employer, vacation time shall be selected on the basis of departmental seniority on an office-by-office basis, (Sergeants shall bid separately by area command). The Employer may not black out days as totally unavailable for bid. As part of the seniority bid process, an employee may bid for vacation days not to exceed their annual accrual. Signups shall commence on October 1 and end December 15. The results of signups shall be posted by December 31 showing the approval or denial of the vacation request. The Association worksite representative shall be responsible to circulate the vacation schedule during the signup period. The maximum number of working days an employee has to sign up for vacation leave during the signup period shall be determined by each worksite. Employees who do not sign up during their signup period will waive their rights for selection based on seniority. If an employee transfers into a station or worksite after the cut off date for scheduling of vacations, the employee shall not be entitled to exercise his/her seniority for vacation purposes for the balance of that calendar year. The employee who transfers and his/her new supervisor will schedule a mutually agreeable time for vacation leave.

**A Command Center that bids shifts under Article 15.1.2 or Appendix A (Team Directed Scheduling) will bid vacation simultaneously with the shift bid for the same period of time covered by the shift bid. Any other work group/worksites, per Article 15.1.2.7, may elect to bid vacation simultaneously with the shift bid for the same period of time covered by the shift bid. All other provisions of this Article 20.2 will apply.**

Subject to supervisory approval employees may add or change vacation days after the initial vacation signups; provided, however, that such changes shall not displace the already selected vacations of other employees.

**When the employee actually takes the secured bid vacation time, the employee may elect the type of leave (any accrued leave except sick time) to be used for the time off.**

## **20.3 Accrual Limitations.**

An employee may accumulate up to a maximum of three hundred fifty (350) hours of vacation leave. Only two hundred fifty (250) hours of vacation may be cashed out upon **separation of employment of employment. An employee may elect to take any cash out under this Section as pay or as a contribution to the employee's OSGP account.**

The Employer shall provide vacation leave accrual and balance information on each employee's paystub. When an employee is about to lose vacation credit due to accrual limitation because of the Employer's insistence that the employee be at work during a scheduled vacation period, the Employer shall permit the employee sufficient leave to prevent loss of vacation credit. The Employer shall make a reasonable good faith effort to permit such vacation at a mutually agreeable time. If the employee makes such request after the 15<sup>th</sup> of the month, the Employer may assign the vacation time to be taken.

## **20.4 Death or Termination.**

In the event of **separation** of an employee who is otherwise entitled vacation credits, the employee shall be entitled to payment for earned vacation leave. In the event of death, earned but unused vacation shall be paid in the same manner as salary.

## **20.5 New Employees.**

New employees shall not be credited with their vacation earnings until they have completed six (6) months of service with the Department. Similarly, an employee entering the service of the Oregon State Police from another state agency may be credited with up to eighty (80) hours of previously earned vacation; however, such accruals shall not be credited until satisfactory completion of a twelve (12) month consecutive period with the Department.

## **20.6 Disallowance of Vacation Time.**

The Employer may disallow the taking of any vacation leave by employees subject **only** to the reasonable staffing needs of the Employer **but not for any punitive reason**. Non-bid vacation leave requests will be considered on a first (1<sup>st</sup>) come first (1<sup>st</sup>) served basis. Upon receipt of a non-bid vacation request the supervisor shall have fifteen (15) days to approve or deny the request. If the request is not approved or denied within fifteen (15) days of receipt it will be considered approved.

For Command Centers Only, vacation leave may not be used for unexpected, unplanned absences that were not pre-authorized. Exceptions may be made by the employee's manager on a case by case basis.

## **20.7 Callbacks from Vacation.**

**20.7.1** In the event that an employee is required to be called back to work by the Department for any purpose during a period of authorized vacation leave or days off adjacent thereto where the vacation has been approved by the Department more than thirty (30) days prior to the callback, the following rules shall apply:

**20.7.1.1** If the callback is on the employee's regular work day, the employee shall receive his/her regular straight time pay for the day, shall not be charged for the vacation day worked and shall be paid overtime for the time worked on the callback (subject to callback minimum payments, where applicable).

**20.7.1.2** If the callback is on the employee's regular day off, the employee shall be paid overtime for the time worked on the callback (subject to callback minimum payments, where applicable), and shall receive an amount of straight time compensatory leave equal to the length of the employee's regular work shift for each day worked on the employee's days off.

**20.7.1.3** When an employee is directed by the supervisor to travel in response to a callback, travel up to the length of the employee's normal shift, will be administered per (A) or (B) below:

- (A) When travel occurs on a scheduled workday, vacation time will be restored on:
  - (1) an hour-for-hour basis up to one half (1/2) the length of the employee's normal shift, or
  - (2) when travel exceeds one half (1/2) the employee's normal shift, vacation time equal to the employee's normal shift will be restored.
- (B) When travel occurs on a regular day off, straight compensatory leave will be credited as per (A) (1) or (A) (2) above.

**20.7.2** If the callback occurs during vacation time or days off adjacent thereto where the vacation was approved by the Department thirty (30) days or less prior to the callback, the following rules shall apply:

**20.7.2.1** If the callback is on the employee's regular work day, the employee shall receive overtime for the time worked on the callback (subject to callback minimum payments, where applicable), shall receive straight time wages for the full day, and shall have vacation hours equivalent to the employee's regular work shift less actual hours worked on the callback deducted from his/her vacation account.

**20.7.2.2** If the callback is on the employee's regular day off, the employee shall be paid overtime for the time worked on the callback (subject to callback minimum payments, where applicable), and shall be paid an amount of straight time compensatory leave equivalent to the actual hours worked on the callback.

**20.7.3** Vacation callback only applies to days off adjacent to vacation leave use when the employee has vacation both immediately before and after their day off, or at least two (2) days adjacent thereto.

**20.7.4** In addition, the Employer shall reimburse the employee for all reasonable travel costs associated with traveling to and from the worksite. Employees shall not be placed on standby on days off adjacent to a vacation period unless emergency conditions exist.

**20.7.5** The Employer may not delay the approval of vacation requests for the purposes of avoiding the payments called for in this section.

## **20.8 Cash Out of Vacation.**

The employee shall be allowed to cash out up to eighty (80) hours of accumulated vacation time each **calendar** year when the employee requests vacation time and is denied, and such denial causes a reasonable expectation on the part of the employee that accumulated hours of vacation time belonging to the employee will be lost. **In addition, employees may cash out up to forty (40) hours of accrued vacation hours each calendar year. The employee may elect to take the vacation time as pay or as a contribution to the employee's Oregon Savings Growth Plan (OSGP) account.**

### 21.2 Utilization for Illness or Injury.

An employee may utilize allowance for accrued sick leave when unable to perform their work duties by reason of illness, bodily injury or disability due to pregnancy, reasonable medical or dental care, or exposure to contagious disease(s), **Paid Leave Oregon, or for the employee to donate blood that is made in connection with a voluntary program for the donation of blood approved or accredited by the American Association of Blood Banks or the American Red Cross.** Employees may choose to use sick, vacation, personal business, compensatory time, straight time leave, or holiday leave in any increment, up to their normally scheduled hours, while receiving Paid Leave Oregon, consistent with DAS Policy. In such either event, the employee shall notify their immediate supervisor or the on-duty supervisor of absence of same. The employee shall also state the nature and expected length thereof, as soon as possible prior to the beginning of their regularly scheduled work shift, unless unable to do so because of the urgency of the circumstances. If a supervisor is unavailable, a message may be left with dispatch. In addition, sick leave may be used for necessary medical and dental care that cannot be scheduled during the employee's off-duty time. The employee shall give as much notice as possible to the supervisor of the need for the use of sick leave for the pre-scheduled appointment. The Employer may, at its option, reasonably require a physician's statement of the nature and the need for the employee's absence and an estimated duration of the absence for any circumstance which causes an employee absence in excess of three (3) days or at any time if the Employer believes the employee may be abusing the sick leave privilege.

If the Employer requires a physician's statement, the cost of obtaining the statement shall be paid for in one of the following ways:

**21.2.1** If the cost of obtaining the statement is not covered by the employee's insurance, payment by the Employer upon presentation of a verified bill.

**21.2.2** If the cost of obtaining the statement is partially or totally covered by the employee's insurance, submission to and payment by the insurance carrier. Upon presentation of the insurance statement, the Employer will reimburse the employee for the uncovered portion.

### 21.3 Family Sick Leave.

Employees may also use sick leave where there is an illness in their immediate family, in order to provide assistance and/or care to the ill relative or to care for the employee's family. **Employees**

**may choose to use sick, vacation, personal business, compensatory time, straight time leave, or holiday leave in any increment, up to their normally scheduled hours, while receiving Paid Leave Oregon, consistent with DAS Policy.**

#### **21.4 Integration with Worker's Compensation.**

Any employee who is off work due to an injury which is compensable under the Oregon Workers' Compensation Act will receive compensation under the Act.

**21.4.1** Sworn employees will not be **required to use applicable** leave for up to twelve (12) months commencing from date of **time loss benefits begin** for the injury covered by Workers' Compensation and the Department will supplement the Worker's Compensation time loss benefits with a monthly injured worker payment. Sworn employees with an accepted or pending approval for a worker's compensation claim will receive a once-a-month injured worker payment, from OSP, based on their respective salary scale and their current step. Sworn employees receiving this payment will continue to receive merit increases and the injured worker payment will move to the next step with the merit increase. Sworn employees will receive this injured worker payment for a maximum of twelve (12) months if the claim is approved. The amount will be prorated for the beginning payment and upon the return of the sworn employee, as applicable. Sworn employees receiving this injured worker payment will continue to receive full leave accruals for up to twelve (12) months.

**If the injured worker is receiving time loss for medical appointments within the same twelve (12) month period, they will receive a pro-rated injured worker payment.**

**21.4.2** Sick leave time off will not be charged to the employee for injuries covered by Workers' Compensation unless (1) In the case of non-sworn employees, upon the first day of absence, on a pro-rata basis to supplement the amount of time loss received by the employee, or (2) In the case of sworn employees after twelve (12) months of absence on a pro-rata basis to supplement the amount of Worker's Compensation time loss payments received by the employee.

**21.4.3** During the period of disability, the employee shall continue to receive all forms of compensation (salary, step increases, incentive pay, all insurance, etc.), and shall accrue sick time, holiday time and vacation time during the period of disability but shall not receive premium pay such as shift differential, etc.

## 21.5 Sick Leave Without Pay.

**21.5.1** Upon application by the employee, sick leave without pay may be granted or renewed by the Employer for up to six (6) months after accrued sick leave, vacation and holiday time have been exhausted. When the employee goes into sick leave without pay status they will not accrue benefits. The Employer may require that the employee submit a certificate from a physician periodically during the period of such disability.

**21.5.2** Any approved leave without pay status shall run concurrently with any periods that the employee receives sick leave donation pursuant to this Article. At the end of the first (1<sup>st</sup>) six (6) month period of approved sick leave without pay status, the employee may submit a request to the Superintendent for a second (2<sup>nd</sup>) sick leave without pay period for up to six (6) months. The Superintendent is not obligated to grant such request. If, at the conclusion of the second (2<sup>nd</sup>) six (6) month period in a sick leave without pay status, the employee remains unable to return to work, the Employer will confer with the employee and the Association and proceed with separation in accordance with applicable law, policy and contract provisions.

## **21.6 Sick Leave Conversion at Retirement or Death.**

Fifty percent (50%) of accumulated, unused sick leave shall be converted to retirement benefits pursuant to the Public Employees Retirement Act.

## **21.7 Leave Credit Following Re-Employment.**

An employee who is recalled by the Employer following a layoff, shall have sick leave credits accrued during the previous employment, restored. An employee who is re-employed following a leave without pay which was less than two (2) years shall also have sick leave credits, accrued during the previous employment, restored.

## **21.8 Confirmation of Ability to Work.**

In the event of a question by the Employer concerning the employee's ability to work, the Employer may reasonably require that the employee be examined by a physician of the Employer's choosing and at the Employer's expense. If the Employer orders an employee to submit to a psychological fitness for duty examination, the employee shall choose the examining psychologist/psychiatrist from a panel agreed to between the Association and the Employer. The Employer will schedule the appointment(s).

If the employee is found not to be fit for duty, the employee may not return to work until they are released by their personal health care provider or by the original examining doctor. The employee will notify the department of the name of their personal health care provider. In the event the employee's personal health care provider or the original examining doctor releases them and the Employer has a question concerning the employee's psychological or physical ability to work, the Employer may reasonably require that the employee be scheduled for examination by a doctor from the panel or Employer's doctor, as appropriate, at the Employer's expense. The employee will be placed on paid administrative leave during the period of confirmation following the employee's release by their personal health care provider.

The Employer may not compel a physical/psychological evaluation of an employee unless the examination is job related and consistent with business necessity, terms which will be construed consistent with the ADA. It is the intent of the parties to protect to all extent possible the privacy and confidentiality of the employee's medical information. If the Employer requires such an evaluation, the employee shall request that the evaluator provide the following information: (1) If the individual is fit for duty, simply so state; (2) If the individual is not fit for duty, provide only

that information or history which your professional judgment is directly related to the individual's job and why the individual cannot perform the work.

## **21.9 Sick Leave Donation.**

**21.9.1** An employee may donate sick, vacation and/or personal leave time to another employee who has exhausted all sick leave and is in documented need of sick leave due to illness. "In documented need of sick leave due to illness" is intended to cover employees, or to care for immediate family members, experiencing bodily damage (broken bones, etc.) or catastrophic illness. To qualify, an employee must reduce all paid leave banks (except sick leave which must be reduced to zero) to a cumulative total of forty (40) hours or less. Employees, generally, should not request donated leave for illness or injury whose duration is expected to be less than fourteen (14) days. The sick, vacation and/or personal leave time will be valued at the donating employee's current rate of pay, and then converted to the appropriate amount of time based on the donee's current rate of pay. (For example, if an employee earning ten dollars (\$10) an hour donates two (2) hours of sick leave to an employee earning twenty dollars (\$20) an hour, the donee will be credited with one (1) hour of sick leave.) Employees will only be credited with the actual amount of donated leave to cover the period of absence.

OSPOA-represented employees may donate vacation leave to any eligible OSP employees and/or receive vacation leave donations from any eligible OSP employees.

**21.9.2** To be eligible, the employee must provide medical certification to the Oregon State Police Office of Professional Standards from the attending qualified health care professional identifying the specific medical condition and anticipated duration. The use of donated leave may not exceed one hundred eighty (180) calendar days. However, the parties may, by mutual agreement, extend this period for the exceptional cases. Donated leave may be used intermittently following the employee's return to work for treatment related to the qualifying absence, e.g., chemotherapy, physical therapy, etc.

**21.9.3** Should the OSPOA become aware that the recipient of donated leave is not complying with the attending physician's treatment plan, the OSPOA may discontinue access to donated leave.

## **21.10 Definition of "Immediate family"**

**For purposes of this Article, "Immediate family" shall include:**

- **Spouse,**
- **Siblings,**
- **Child and spouse's child,**

- **Any other relationship as established by law,**

**Immediate family includes in-laws and step family members who qualify per the above list.**

Upon seven (7) days notice such employees may be placed on a Monday through Friday 8:00 a.m. to 4:00 p.m. work schedule without penalty.

Employees shall be eligible for a maximum of three (3) days of paid bereavement leave (three (3) eight (8) hour shifts for employees on a 5 x 8 schedule or three (3) ten (10) hour shifts for employees on a 4 x 10 schedule). Bereavement leave will be pro-rated for part-time employees. The Agency may request documentation. Eligible OFLA bereavement leave shall run concurrently with paid bereavement leave. REV: 2015, 2017, 2019, 2023, 2025

## ARTICLE 23 - GENERAL PROVISIONS

### 23.1 Posting of New Work Rules.

The Employer agrees to place a copy of new work rules in the appropriate Briefing Folders. New work rules or any proposed changes in mandatory subjects of bargaining will be provided to the Association office no less than fifteen (15) days prior to their implementation. This notice provision shall not apply in emergencies; in such cases, the Employer shall furnish the Association with the pertinent material upon the implementation of the change. New station work rules will be provided to the Association representative within five (5) days of placement in the folder.

### 23.2 Worksite Closures.

Employees who begin a regularly scheduled shift and who are not allowed to complete that shift because the Department has become aware of a safety problem requiring closure of the work site or because the Department determines its facilities for performing work are otherwise unavailable shall be compensated as if they had completed their regular shift, **unless an alternate worksite or remote work is available.**

### 23.3 Inclement Weather Closures (Non-Essential Employees Only)

**The Employer/Agency designated official(s) may close or curtail offices, facilities, or operations because of inclement/environmental, weather, or weather related hazardous conditions. The Employer/Agency will announce such closure or curtailment to employees.**

1. **For purposes of this Article, essential staff are Sworn and Command Center employees, or other employees designated by management as needed. Employees not designated as such are considered non-essential.**
- b). **If no work is available or the employee is unable to work from home or alternate work location, the employee will:**
  1. **use accrued vacation hours, compensatory time off, personal leave time, holiday leave, leave without pay; or**
  2. **use inclement weather/hazardous conditions leave (not to exceed forty (40) hours a biennium), or,**
  3. **The employee may, with Agency prior approval, temporarily adjust their work hours during the same workweek to make up for hours not worked. The Agency shall not suffer any overtime or penalty**

payments as a result. The employee may be approved to flex their time to engage in training through the electronic employee training platform or other Agency approved resources remotely. Such approval will not be unreasonably denied. Employees engaging in these options may complete supervisory approved remote training courses.

Once the forty (40) hours of inclement weather/hazardous conditions leave is used, and there are more Agency closures during the biennium, if unable to work remotely, the employee will use accrued vacation hours, personal leave or compensatory time off, leave without pay or, with prior Agency approval, temporarily adjust their work hours during the same workweek. The Agency shall not suffer any overtime or other penalty payments as a result of the change in schedule.

#### **23.4 Outside Employment.**

Employees may engage in off-duty employment provided that the employee has submitted a written request to the Office of Professional Standards. **The original copy of the request shall be submitted through the chain of command.** The Superintendent shall approve or deny the request within forty-five (45) **calendar** days. In a grievance on the denial of such promotions, the issues shall be whether the individual is suitable for the promotional position.

**23.7.2 Reclassifications.** This provision applies only to classified positions within the bargaining unit.

**23.7.2.1 Employee Request for Reclassification Procedure.** Employees may request reclassification by submitting a completed and approved Position Description Form and written explanation for the proposed reclassification. The employee must identify a specific classified classification that is not specific to another State agency to the Agency Personnel Office. Employee's request for reclassification must be based on an assertion that the duties and responsibilities of a position have been significantly enlarged, diminished or altered, but the knowledge, skills and abilities required are still essentially similar to those previously required.

The OSP shall review and verify the duties assigned to the position. Within thirty (30) days after receipt of the reclassification request, the OSP shall notify the Association of its findings. If the findings indicate reclassification, the OSP shall decide to seek approval if necessary or remove the duties. OSP shall notify the employee of the action it will take.

**23.7.2.2 Upward Reclassification.** When a position is reclassified upward, a regular incumbent shall be continued in the position. The incumbent shall be

**23.7.2.3. Pay for Upward Reclassification.** The effective day for an approved upward reclassification is the first of the month following submission to Human Resources. Rate of pay upon upward reclassification shall be the first step of the new salary range, unless the old former salary rate was higher than the first step of the new salary range, then the next higher step in the new salary range. In no case shall it exceed the new salary range maximum.

When the Agency determines that an upward reclassification is justified, the employee will be compensated at the step within the new salary range where they are expected to be placed as if the move were effective immediately. The incumbent will continue to receive this compensation until the position receive final legislative budgetary approval or until the higher level duties are removed. If the upward reclassification does not receive final approval from the legislative budget office, the higher level duties will be removed and the employee will return to their prior salary range. During this period, the employee will receive cost of living adjustments and merit increases at the higher rate. The current salary eligibility date will be retained.

The employee will retain their original salary eligibility date unless the salary eligibility date needs to be adjusted to avoid recoupment of wages.

**23.7.2.4. Downward Reclassification.** When a position is reclassified to another class that carries a lower salary range, the incumbent trial service or regular employee shall be accorded corresponding status in the new classification. The OSP shall notify an employee in writing of a downward reclassification of the employee's position, and the specific reasons for doing so within sixty (60) days prior to the effective date.

If an employee is reclassified downward and their rate of pay is above the maximum of the new classification, their rate of pay will remain the same until a rate in the salary range of the new classification exceeds it, at which time the employee's salary shall be adjusted to that step.

If the employee's rate of pay is the same as a salary step in the new classification, the employee's salary shall be maintained at the same rate in the lower range.

If the employee's rate of pay is within the new salary range but not at a corresponding salary step, the employee's salary shall be maintained at the current rate until the next eligibility date. At the employee's next eligibility date, if qualified, the employee shall be granted a salary rate increase to the next step within the new salary range. This increase shall not exceed the highest step in the new salary range.

#### **23.7.2.5. Denied Reclassification/Involuntary Reclassification Appeal Process.**

**Agency Appeal:** If an employee's requested reclassification is denied or the Agency reclassifies an employee's position, the Association may appeal the decision in writing to the Agency Head or designee within fifteen (15) calendar days after receipt of the Agency's decision. The appeal must identify the reason(s) the Agency's decision is incorrect. The Agency shall respond to the appeal in writing within fifteen (15) calendar days from receipt of the Association's appeal.

**Committee Appeal:** If the Agency denies an employee's reclassification request or if the Agency reclassifies an employee's position, the Association may appeal the decision to the Employer/Association Classification Appeal Committee. The appeal must be in writing and submitted within fifteen (15) calendar days from the date the Agency's final decision. All appeals must be supported with copies of documents originally provided to the Agency for the reclassification request, including written explanation of the request and all relevant documentation. No new documentation or information will be considered by the Committee unless mutually agreed upon. Upon request, the Association and employee shall have one (1) opportunity to address the committee.

**Employer/Association Classification Appeal Committee:** The committee shall be composed of one (1) Employer representative and one (1) Association representative. The Committee's sole mission will be to consider appeals pursuant to this section of the article and make decisions which maintain the integrity of the classification system by correctly applying the classification specifications. Each representative shall have experience making classification decisions.

**Appeal Decision Process:** The Committee will attempt to resolve the appeal by jointly determining whether the current or another classification more accurately depicts the overall assigned duties, authorities and responsibilities of the position. In this process each of the designees may identify one (1) alternate class that he/she determines most accurately depicts the purpose of the job and overall assigned duties. The Committee will prepare an initial written decision to the Agency and Association within thirty (30) calendar days of receipt which will include the reasons for the decision. Agency management retains the right to modify duties to ensure consistency with the Agency's work, goals and objectives. If the finding of the committee determines the assigned duties are appropriately classified at a higher salary range and the Agency subsequently removes the higher level duties, the employee will receive a lump sum payment for the difference between the current salary rate including work out of classification pay already paid if any, and the appropriate salary rate for the classification as determined by the committee. This payment shall be for the time period beginning the date in which the request was received by the Agency to the date the duties are removed.

**Arbitration:** If there is no resolution, the Association may request arbitration in writing within fifteen (15) calendar days from the date of receipt of the Committee's final written decision. The Association's request must be sent to the Department of Administrative Services Labor Relations Unit and shall include the reasons why the Agency's decision is incorrect.

The Parties agree to the appointment of an arbitrator to hear all appeals under this provision. The arbitrator shall have experience resolving classification issues. However, each party retains the right to initiate a change in that arbitrator's appointment upon notice to the other party. If this occurs, the Parties agree to select another qualified arbitrator. The change in assigned arbitrator shall be effective for any case not yet scheduled for arbitration. The arbitrator's fee and expenses shall be paid by the losing party. If, in the opinion of the arbitrator, neither party can be considered the losing party, then such expenses shall be apportioned as in the arbitrator's judgment is equitable. All other expenses shall be borne by the Party requiring the service or item for which payment is to be made.

The arbitrator shall allow the Agency's decision to stand unless they conclude that the proposed classification more accurately depicts the overall assigned duties, authority, and responsibilities using the criteria specified below. In the event the arbitrator finds in favor of the proposed or alternate classification, Agency management may elect to remove/modify duties at any point during the process. However, if the Agency removes the higher level duties, the employee will receive a lump sum payment for the difference between the current salary rate including work out of classification pay already paid if any, and the appropriate salary rate for the classification as determined by the committee. This payment shall be for the time period beginning the date in which the request was received by the Agency to the date the duties are removed.

**Classification Criteria:** For purposes of this section, a reclassification must be based on findings that the purpose of the position is consistent with the concept of the proposed classification and that the class specifications for the proposed classification more accurately depicts the overall assigned duties, authority and responsibilities of the position.

Terms used above shall be defined as follows:

- i. the purpose of the position shall be determined by the statement of purpose and assigned duties of the position description and other relevant evidence of duties assigned by the Agency;

**23.7.5 Competitive Processes.** The Employer and the Association agree that when management elects a competitive process for promotion, transfer, or assignment, it shall be based upon the bona fide eligibility requirements for the position, as determined by the Employer, and the individual merit and performance history of the Employee participating in the competitive process.

"Regular work hours", for the purpose of this Article, means all hours of work or paid leave except overtime hours, i.e., those above eight (8) hours in a day or forty (40) hours in a week. Thus, "regular hours" shall include additional non-overtime hours worked above an employee's regular work schedule. In the event that a less than full-time employee, who is regularly scheduled to work half-time or more, fails to maintain at least half-time paid regular hours because of the effect of prorated holiday time or other paid or unpaid time off, they shall be allowed to use available vacation or compensatory time to maintain their eligibility for benefits and the Employer's contribution for such benefits.

Contributions will be prorated for employees who have at least eighty (80) paid regular hours in a month and less than full-time hours, unless otherwise required by law. This proration shall be based upon the ratio of regular hours to full-time hours, rounded to the nearest full percent.

The Employer contribution amount of the plan selected by the employee will be calculated as follows:

The employee will pay the premium balance.

The employee will pay the premium balance.

For Plan Year 2025 the Employer will pay ninety-five percent (95%) and the employee will pay five percent (5%) of the monthly premium rate as determined by PEBB.

For employees who enroll in a medical plan that is at least ten percent (10%) lower in cost than the monthly premium rate for the highest cost medical plan available to the majority of employees, the Employer shall pay ninety-nine percent (99%) of the monthly premium for PEBB health, vision, dental and basic life insurance benefits and the employee shall pay the remaining one percent (1%).

**For Plan Years 2026 and 2027, the Employer will pay ninety-five percent (95%) and the employee will pay five percent (5%) of the monthly premium rate as determined by PEBB. For employees who enroll in a medical plan that is at least five percent (5%) lower in cost than the monthly premium rate for the highest cost medical plan available to the majority of employees, the Employer shall pay ninety-nine percent (99%) of the monthly premium for PEBB health, vision, dental and basic life insurance benefits and the employee shall pay the remaining one percent (1%).**

If the Collective Bargaining Agreement provides for a COLA with an effective date in the second (2<sup>nd</sup>) year of a biennium and the difference in the projected increase in the PEBB composite rate for the following calendar year falls below three point four percent (3.4%), then the COLA will be moved up by one (1) full month for each month it is sufficiently funded by the savings.

### **29.3 Purpose of Contributions.**

The purpose of these flat dollar Employer contributions will be for use in the PEBB Flexible Benefits program. Direct involvement in an incident refers to an employee whose order, action or failure to act is determined to be, or cannot be ruled out as a causative factor in the events leading to or causing the incident.

**30.5.2 Testing Mechanisms:** The following testing mechanisms shall be used for any drug test performed on members of the Association:

**30.5.2.1** All testing shall be conducted through a Testing Service or accredited SAMSHA toxicology lab using a 10-Panel test with the samples identified in such a fashion to insure that the identity of the tested employee is kept as confidential as possible.

**30.5.2.2** Urine screening tests shall be performed using SAMSHA's accepted immunoassay technology urine testing. No positive test results shall be reported to the Employer unless the procedures in 30.5.2.3 also result in a positive test result, and no result shall be deemed to be positive unless the level of drug is above the confirmation test's limit of quantitation (LOQ).

**30.5.2.3** Any positive results on the initial screening test shall be confirmed using SAMSHA's accepted technology of gas chromatography-mass spectrometry (GC/MS) or liquid chromatography-mass spectrometry (LCMS). Confirming cut-off levels will be at least as sensitive as the initial screening tests.

**30.5.2.4** Despite a negative result, an employee may still be impaired, based on the criteria enumerated in Article 30.5.1.1.

**30.5.3** The following procedures shall be used whenever an employee is requested to give a urine sample:

**30.5.3.1** Prior to testing, the employee shall be provided the opportunity to voluntarily list to the testing lab substances currently being used by the employee that may impact the test results such as medications or food products. The failure of an employee to accurately list all such substances may not be the basis for disciplinary action against the employee. This list, and all documents and information concerning drug testing, shall remain confidential pursuant to the terms of this article.

**30.5.3.2** A urine sample will be obtained from the employee. The sample will be collected in a manner that precludes alteration. The Employer shall not observe the act of urination but the sample's temperature will be recorded for evaluation of potential alteration.

**30.5.3.3** Immediately after the sample has been given, it will be divided into two (2) equal parts in the presence of both parties. Each of the two (2) portions of the sample will be separately sealed, labeled, and initialed by both parties, and stored in a secure and refrigerated atmosphere. If the samples cannot be analyzed within

twenty-four (24) hours, they shall be frozen. One (1) of the samples will then be delivered to a SAMSHA certified lab.

**30.5.3.4** The sample will first be tested using the screening procedure set forth in this article. If the sample tests are positive for any drug, the confirmatory test specified in this article will be employed.

**30.5.3.5** Each step in the collecting and processing of the urine specimens shall be documented to establish procedural integrity and a chain of evidence.

**30.5.3.6** If at any time different procedures or tests are available to a SAMSHA certified lab which have greater reliability than the foregoing, the more reliable procedures or tests shall be used.

**30.5.3.7** An employee refusal to test may be utilized as evidence of impairment and/or constitute a basis for discipline.

**30.5.3.8** Any positive test result and/or adulteration issues will be verified by a Medical Review Officer (MRO) contracted through the vendor who will, among other things, review any extenuating circumstances.

#### **30.5.4 Intoxilyzer Testing for Alcohol**

**30.5.4.1** Alcohol tests performed under this policy will be done with an evidential breathtesting device (EBT) certified by the Department of State Police Implied Consent Unit, otherwise known as an intoxilyzer. The EBT will be utilized first if an employee is to be tested for alcohol.

**30.5.4.2** A breath test will be required to determine if an employee has an alcohol concentration of .02 grams or more per 210 liters of breath. Any result which is .0199 or less will be considered negative. If both the initial and confirmation breath test results are .0199 or less, the result will be considered negative; however, the employee may still be impaired, based on the criteria enumerated in Article 30.5.1.1.

**30.5.4.3** Any test result of .02 or greater (on both the initial and confirmation tests) will be considered positive and the employee will need to follow the Procedures after a Positive Drug or Alcohol Test Result enumerated in Article 30.5.5.

**30.5.4.4** Any employee who does not provide a sufficient amount of breath to permit a valid breath test will be instructed to again attempt to provide a sufficient sample. If the employee fails to provide an adequate sample, the test will be discontinued and considered a positive test.

#### **30.5.5 Procedures after a Positive Alcohol Test Result**

When the employer determines that an employee has a confirmed positive test result the employer will institute the following steps:

- (1) A division director or designee will relieve the employee from duty.
- (2) If an employee is relieved of duty under this article, the employee will be required to utilize vacation or compensatory time for the remainder of his/her shift.

Notification shall include the identification number for each of the federal agency's affected grants.

### **30.7 Employee Voluntary Use of Employee Assistance or Other Treatment Program.**

An evaluation will be based upon the totality of the program for a specific work group.
3. The Team Directed Scheduling program may be discontinued at any specific worksite, by either management or OSPOA, without cause, at the conclusion of any six (6)-month interval.

When Team Directed Scheduling is discontinued, the work group will be scheduled under applicable provisions of the CBA. ## Letter of Agreement – 14-B – Four-Ten (4-10) Shifts

The parties to this Agreement are THE STATE OF OREGON ("State") and the OREGON STATE POLICE OFFICERS ASSOCIATION ("Association"). The parties wish to enter into this Memorandum of Understanding concerning questions which have arisen about the appropriate interpretation and application of provisions of the 1995-97 Collective Bargaining Agreement between the State and the Association.

In consideration of the mutual promises of the parties, and for other good and adequate consideration, it is hereby agreed as follows:

1. Nothing in this MOU is intended to change the conditions set forth in Team Directed Scheduling.
2. Under Article 14.6 of the Collective Bargaining Agreement, employees in a work group may vote to work a 4/10 shift subject to the Employer's reasonable operating needs. If the 4/10 schedule for certain members of the work group is not consistent with reasonable operating needs, the Employer has the right to deny the 4/10 schedule for the whole work group if such denial is based upon reasonable operating needs and/or to compel certain employee(s) to work a 5/8 work shift. If the Employer denies the 4/10 schedule for the entire work group because certain employee(s) must work a 5/8 shift, the Association has the right to file a grievance challenging that the denial of the 4/10 schedule is not based on reasonable operating needs.
  - a.) It is not the Employer's intention to deny a 4/10 schedule for other than operating needs. Additionally, under the principles of voluntary schedule adjustment set forth below, a member of a 4/10 work group could voluntarily agree to work a 5/8 work shift subject to supervisor's approval.

## Letter of Agreement – 14-C – Flexible Work Hours

Section 14.13.3 (Configuration) is intended to mean that a workday is based on 8 (eight) hours minimum. The flexible schedule allows for more or less than 8 (eight) hours per day as the weekly schedule progresses. Example: On Monday the member works 15 hours and on Tuesday 8 hours. Friday indicates a scheduled day of 15 hours with the Governor. Assuming that the Governor's schedule could change on Friday, that day is assumed to be an 8 hour day. There are now a total of 31 hours in three days, leaving 9 hours of work for Wednesday and Thursday. Unless needed, those two days may not necessarily be 8 hour days.

Section 14.13.4 (Termination) is intended to work the same as under the Team Directed Scheduling process.

## Letter of Agreement – 17-A - 207K Waiver

The parties recognize the need to clarify their intentions regarding recent changes under SB 750 affecting amendments to ORS 279.340 and .342.

The Association recognizes that the Department has declared that all sworn employees of the Department, including those in the OSPOA who are overtime eligible under the FLSA, are subject to the 207K provision that provides for overtime after 171 hours within a twenty-eight (28)-day period.

The parties further recognize that the OSPOA members are paid overtime consistent with their collective Bargaining Agreement and that the contract may provide payments that are equal or more generous than the FLSA.

The amendments to SB 750, ORS 279.340 and .342, are understood and agreed to apply as follows for sworn members of the OSPOA:

The OSPOA expressly agrees that overtime shall be paid in accordance with the Collective Bargaining Agreement including the successor agreement currently in negotiation and the 1993-95 Collective Bargaining Agreement and under the 207K provisions of the Fair Labor Standards Act. To the extent ORS 279.340 provides a different basis for the calculation of overtime, the OSPOA expressly waives those provisions of ORS 279.340 as it applies to the 1993-95 Collective Bargaining Agreement and its successor currently in negotiations.

This Memorandum of Understanding (MOU) by and between the Oregon State Police Officers' Association (OSPOA) and the State of Oregon, Department of State Police is for the purpose of setting forth alternative vacation bidding for the Southern Command Center (otherwise referred to as "SCC") workgroup.

Whereas, the SCC workgroup currently selects their shifts and schedule through Team Directed Scheduling;

2. The vacation bid must fall within the same time frame for which shifts are bid
3. Vacation bids will be subject to the same deadline for submission as are utilized for the selection of shifts.
4. Except as modified in the MOU, Article 20 of the Collective Bargaining Agreement shall govern the selection of vacation times for the SCC workgroup.
5. This MOU shall be effective for the remainder of the contract period, unless specifically extended in writing by the Parties.
6. This MOU is specific to the SCC workgroup and does not set a precedence for other groups utilizing Team Directed Scheduling.
7. In accordance with Appendix A of the current Collective Bargaining Agreement, either Party may discontinue Team Directed Scheduling and the accompanying vacation bid process identified in this MOU at the conclusion of any six (6) month interval.

Reaffirmed and continued.

Employees on leave without pay status (unprotected leave) shall not be entitled to elect compensatory time for overtime in the ensuing pay period.

## Letter of Agreement – 23-B – DNA Staff Elimination Database

This Letter of Agreement by and between the Oregon State Police Officers' Association (Association) and the State of Oregon, acting through its Department of Administrative Services (Employer) on behalf of the Oregon State Police (Department) is entered into for the purpose of establishing general guidelines/process for maintaining and utilizing the DNA Staff Elimination Database.

The Parties agree as follows:

1. The Department Forensic Services Division will follow best practices when possible in order to preserve evidence and provide services to Department stakeholders. With the increase in sensitivity of the DNA analytical process, sample contamination has increased. Sample contamination can result in misleading conclusions regarding perpetrators of crimes and/or the inability to interpret DNA results. To ensure the most accurate information is shared with law enforcement, all Forensic Services Division personnel who regularly come into contact with evidence are required to participate in the DNA Staff Elimination Database.
2. The Department will maintain confidentiality to the maximum extent possible. All elimination profiles are assigned an anonymous identifier when stored. The DNA Technical Leader and DNA Supervisors are responsible for maintaining the documentation required to link the identifier to the individual's name. Each staff profile is entered into databases within a genotyping software (GeneMapper® ID-X) and a profile interpretation software (STRmix™) using the anonymous identifier and a lab-specific code. These databases are completely independent of the CODIS database. Employees who were hired prior to 2010, and have not volunteered to participate in the DNA Staff Elimination Database, shall submit their DNA samples no later than February 28, 2019 and such sample will remain anonymous.
3. Casework profiles are compared against elimination profiles as follows: For single source and Y-STR profiles, each time a DNA analyst obtains DNA typing data, the results are compared against all of the elimination profiles that are contained within the GeneMapper® ID-X software. The DNA analyst will review potential matches in order to determine whether they are true contamination incidents or whether they are coincidental matches. Each time a DNA analyst performs analysis via the profile interpretation software (STRmix™), the resulting deconvolution is compared against the elimination profiles contained in the associated database. Statistical evaluations of all database participants relative to the evidentiary profile are performed and ranked. If the statistic calculated reaches an inclusion threshold (based on current DNA procedures), the potential contamination incident will be reviewed according to current Forensic Services Division Quality Assurance protocol. This review may not result in discipline.

4. When contamination is detected, and a match has been determined to be a DNA contamination incident, the DNA analyst may need to follow up with additional extractions and/or samplings from the parent item, depending on the case circumstances. The DNA analyst will generate an incident report and forward it to the DNA Technical Leader. The DNA Technical Leader assumes responsibility for notifying the contaminating analyst and the contaminating analyst's direct supervisor.
5. When contamination is detected, it is included in the DNA report. Care is taken to protect the identity of the contaminating individual.
6. If a discovery request is received for a case in which an employee's DNA profile was detected, staff from the DNA unit (either the working DNA analyst, the DNA Technical Leader, or a DNA Supervisor) will first contact the employee to determine whether or not they are willing to grant permission to release their genetic information as part of the notes. The employee's name and anonymous profiling number are not contained in any of the examination documentation; only the DNA profile and documentation that the profile is from a laboratory staff member. If the employee grants permission, they will be asked to sign a consent form that will be retained in the administrative portion of the case file along with other documentation related to discovery. If the employee declines, their genetic information will be redacted from the case file documentation prior to release for discovery.
7. The Department will work to safeguard personal information. Prior to testimony, the DNA analyst and/or Supervisors will work with the appropriate District Attorney's Office to prevent any personal information from being revealed during trial. However, if the DNA analyst knows the source of the contamination and they are asked the source of the contamination, they will have to answer the question.
8. This Letter of Agreement is effective upon signing and will sunset on June 30, 2023, unless renewed by the Parties.

If no current OSPOA member is eligible and willing to fill the position, then the Department may open the position to any current OSP retiree who qualifies to fill the position. The Department retains the exclusive right to determine acceptability and placement of candidates in the DROP Pilot Program. Unsuccessful candidates do not have the right to grieve the Department's decision.

Participants in the DROP Pilot Program are not eligible for promotion, transfer to other positions or specialty assignments.

A retired member who is participating in the DROP Pilot Program will be paid at the top pay step established for a senior trooper. All applicable incentives will apply. The retired member will accrue eight (8) hours a month vacation leave and use vacation leave under the rules established for new employees, and receive holiday, personal business, and governor's days and maintain membership in OSPOA for the duration of the assignment.

A retired member participating in the DROP Pilot Program will not retain the right to participate in the vacation or shift bid process and may not grieve scheduling changes or shift selection. Management has the right to change a work schedule with a twenty-eight (28) day notice for an operating need if the proposed change is going to extend beyond a week.

All articles of the Collective Bargaining Agreement will apply to retired members participating in the DROP Pilot Program, with the exception of provisions stated in this Agreement and articles relating to retirement contributions, seniority and insurance.

This Letter of Agreement will automatically sunset with the term of the successor Collective Bargaining Agreement unless it is expressly renewed by the Parties.

*Bargaining note: This LOA supersedes any conflicts with OSP Policy 307.5 (Non-Sworn Employee Personal Appearance) and FSD “Work Instruction” (that disallows jeans).*

## Letter of Agreement - Medical Separation – Sworn

This Agreement is between the State of Oregon, acting through its Department of Administrative Services (Employer), on behalf of the Department of Oregon State Police (Agency), and the Oregon State Police Officer’s Association (OSPOA – Union).

The purpose of this Agreement is to establish a Medical Separation process which will continue to comply with ADA, Paid Leave Oregon, FMLA/OFLA, or USERRA or other applicable laws.

For the purposes of this Agreement, “Medical Separation” occurs only upon a partial or full disability claim with medical restrictions determined by the worker’s compensation claim, which will not allow the performance of all the essential functions of a sworn officer position.

Therefore, the Parties agree to the following:

1. A sworn employee will be preliminarily subject to Medical Separation if the employee has one (1) or more of the following events occur related to a work-related worker’s compensation claim:
  - a. Has been deemed unable to report for full duty after twelve (12) months from the date benefits begin for time loss;
  - b. Has been deemed unable to report for full duty and has exhausted twelve (12) months of worker’s compensation injured worker payment with the twelve (12) months of non-prorated leave bank protection. This would include either consecutive or non-consecutive months for the same injury filed under the worker’s compensation claim;
  - c. Has been deemed unable to report for full duty and has no definitive return to duty date within three (3) months of exhausting the twelve (12)-month worker’s compensation injured worker payment with the applicable non-prorated leave bank protection; and/or
  - d. Has not reported for full duty on the date the medical professional has provided to the Agency.
2. Within approximately sixty (60) calendar days of an event occurring under Paragraph 1, the Agency Appointing Authority Designee will notify the Union President.

3. Upon determining a preliminary Medical Separation for a sworn employee, the Agency's Appointing Authority Designee will contact the Union President to hold a meeting with the employee, to include the presentation by the Agency of a Medical Separation agreement.
  - a. The Parties will negotiate in good faith and within the applicable laws, policies, and collective bargaining agreement for an agreed upon Medical Separation agreement.
  - b. The Union President at their discretion will invite appropriate Agency staff with knowledgeable information regarding separation, benefits, and final wage calculations to co-present these areas of the separation agreement.
4. No sooner than six (6) months after the date of the triggering event under paragraph 1 above, and if no Medical Separation agreement is reached by the employee, Association, and State, the State may proceed with employment termination proceedings under the Collective Bargaining Agreement, and the employee and Association retain all grievance rights under the Collective Bargaining Agreement.
5. This process, and any associated timelines, will be paused during any contested workers compensation claim by the employee as it pertains to medical restrictions for performing the essential functions of a sworn officer.
6. For sworn employees who medically separated under this Agreement, the Agency will place the employee on a medical recall list for any future sworn vacancies that occur for which the employee would be qualified.
  - a. The employee will be placed on the recall list for four (4) years in order of seniority and recalled back into the same classification if qualified.
  - b. If an employee has an outstanding personnel investigation, they will be recalled as a temporary hire to resolve the outstanding personnel investigation with a contingent job offer for the vacant position in which they are being recalled for. For the purpose of resolving the outstanding personnel investigation, the employee retains full rights under the Collective Bargaining Agreement, including just cause, representation, due process, and grievance rights.

**This Agreement is effective through June 30, 2027, and shall remain in full force and effect during the negotiations for any successor agreement.**

## **Letter of Agreement – Formal OPS Investigations**

**This Letter of Agreement is between the State of Oregon, acting through its Department of Administrative Services and the Oregon State Police (Employer or OSP), and the Oregon State Police Officers Association (OSPOA).**

**Within a Personnel Investigation Notice (PIN) and Finding of Fact (FOF) issued to an employee, the State will include a range of potential discipline, consistent with its practice of two-ranges, that an employee may face if the allegations are proven true. Such notification shall include notice to the employee that OSP reserves the right to adjust the level of discipline above or below this potential discipline range based on the totality of the circumstances at the conclusion of the investigatory process. OSP will notify OSPOA should it seek to change the PIN form.**

**The investigative report issued to the employee under Article 9.4.2 of the collective bargaining agreement will include non-exhaustive references to relevant policies, procedures, expectations, guidelines, and/or work rules at issue in the matter, which may be subject to change.**

**This Agreement is effective through June 30, 2027, and shall remain in full force and effect during the negotiations for any successor agreement.**
